PROMINENT PEOPLE

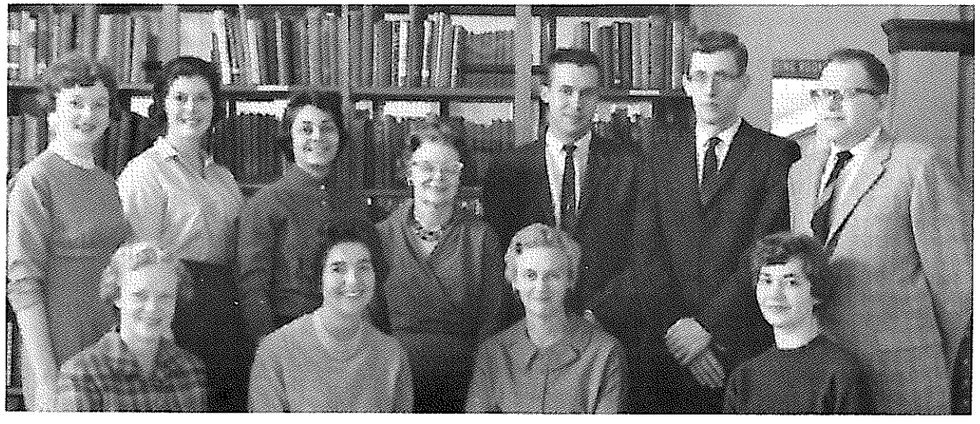

The beginning of a new decade brought with it a new principal, Mr. Mackey; a new assistant principal, Mr. McDowell; a new honor, Mrs. Clark's election to the presidency of the W.V.E.A.; and several new teachers: row one —Mrs. Roush, Mrs. Mills, Mrs. Garnet Wilson, Miss Foster; row two—Mrs. Roberts, Miss Sams, Miss Urso, Mrs. Mercer, Mr. Eakins, Mr. Little, Mr. James; not in picture—Mr. Clellan, Mr. Shadle, Mr. Snider.

Thanks to their co-operation with the rest of the faculty and administration, and to their interest in the students, Parkersburg High School has operated smoothly and efficiently. Their smiles have brightened the halls; their advice has guided those seeking aid; and their reprimands have helped everyone in achieving his ultimate goal, a liberal education.

For the work contributed by each one, the *Parkschan* Staff, speaking for the student body, says, "Welcome and thank you!" . . . and, "Congratulations, Mrs. Clark."

CLASS SONG

"Farewell, O P. H. S."

Our class of '60 bids adieu
With lofty hopes and praise.
To you we always will be true;
Our grateful thanks we raise.
The years were long but loved by all,
And while we'd like to stay,
The world is calling us from you;
We must be on our way.
We'll have ambition as our means;
Our goal will be success;
You've helped to mold us as we are.
Farewell, O P.H.S.

—Words and music

Seventy-seven students, home room presidents, met in the auditorium each Monday to represent their classmates as they considered the students' part in the affairs of the school. Their main duties were to work on various committees; to report the ideas of their classmates to the Council; and after each Council meeting to report to their home rooms business discussed, action taken, and the reaction of the Council to suggestions they had made.

The Council engaged in several new projects this year, the most challenging being the attempt to secure a foreign exchange student for P.H.S. Members of the Council spoke to clubs and other organizations in the community to try to interest citizens in raising funds to defray the expenses of a student. Then they sent out forms to families who might want to have the student live with them. So much interest was aroused it seems quite likely we shall have an exchange student with us next year.

For the first time, the tuberculin skin test was administered in our school, and the assistance given by the Student Council in advertising the test and explaining something of the technique used helped to make the program successful.

For recreation, the Council sponsored a Fifth Quarter Dance after the last football game, and because it was so popular, another similar dance was planned for April.

Parkersburg High School was well represented at student council conventions. Three delegates were sent to the state convention at Jackson's Mill, one of whom was chosen to lead a discussion group. Four delegates represented the school at district meetings held in Marietta.

The work of this year's Council came to an end after the spring election. Candidates for student body officers were chosen by a special committee composed of students from each class. After the campaign there were new representatives to face the problems of our school for the coming year.

Because these girls are interested in physical education and are athletically inclined, they are assigned to help the gym teachers, Mrs. Bailey, Miss Foster, and Miss Urso. Their duties range from checking attendance, typing, caring for equipment, and refereeing games to leading warm-up exercises and teaching the fundamentals of games and dances. Serving as a student assistant has extended each girl's experience in leadership and has contributed to her ability to work with other people, to know thoroughly the fundamentals of many sports, and to see the opportunities offered physical education teachers.

INFIRMARY ASSISTANTS

When they are selected, they must have at least a B average, and thereafter must maintain a satisfactory scholarship record. Among the ways they assist are writing and filing records, taking temperatures, administering first aid, giving general care to ill students, and running errands.

Since 1923, when the monitor system was organized, monitors have played an important part in our daily routine.

This year, under the supervision of Mr. Snider, there are approximately one hundred monitors, who are divided into two groups to work during the noon hour. Operating in two shifts enables all who serve to take advantage of the cafeteria facilities. The first shift is on duty from the close of the third period until five minutes after twelve; then the second shift comes on duty and works until the bell rings at twelve-thirty.

It is the responsibility of the monitors to see that no student is in the halls after 12:15, except in case of inclement weather, unless he has a pass slip. They are responsible for turning the corridor lights on and off, for supervising conduct, for guiding visitors about the building, and for checking lockers to determine whether they have been left open.

There are two captains for each floor during each shift. They are Lawrence Life, Elsworth Fleming, Larry Morris, Bill Alexander, Charlie Propst, Ron Hibbs, Bill Templeton, Chuck Stephens, David Martin, Gary Patterson, Betty Stephens, Gerald Vernon.

From eight in the morning until an hour after school, there are assistants on duty to check books in, or out, and to secure magazines and reference material for those who desire these services.

Besides performing such duties, the assistants mend and shelve books, and plan and arrange the eye-catching displays found on the several bulletin boards displayed in prominent places throughout the library.

In connection with Book Week, the first week in November, the assistants helped decorate the second floor display case, using the theme "Harvest of Good Books."

A visit to the Thursday meeting of this group is a rewarding experience, for here one finds the members divided into a number of committees, each of which is working at a different job with self-assurance and proficiency.

Boys who assist the physical education teachers help in a number of ways. They help check the attendance roll, handle and distribute equipment, lead calisthenics, officiate for team sports, and check the shower roll. Strangely, it would seem, there are girls who assist the men gym teachers, but it is not so strange when one remembers that there is much clerical work to be done when classes are so large.

The team sports at which the assistants officiate are volleyball, basketball, and softball. It would be impossible for the teachers to take care of the many activities that take place simultaneously in the field house if it were not for the help of these well-trained assistants. They now have more and larger classes than they could have otherwise, and at the same time offer their students a high standard of training in physical education.

The boys who are chosen for this work enjoy a valuable experience which can help them to develop leadership and learn how to handle people.

Almost all student assistants perform such duties as checking papers, taking pass slips and various kinds of notes to students and other teachers, and supervising the class when the teacher is not in the room, but other duties as well as these are peculiar to certain classes.

In the physics lab, for instance, an assistant helped Mr. Bailey do research on sound waves. In the rear of the lab is a little work shop, where the assistants can make such repairs as soldering and splicing. In the chemistry lab assistants set up lab work, and clean and distribute instruments and materials. Those who assist in dramatics do such duties as keeping the costume closet clean and the make-up equipment in order. Then, they collect copies of the drama section of The New York Times from those teachers who lend their copies to the dramatics classes. The assistants who work with the art teachers help get out and put away supplies, and clean whatever equipment is used.

A conscientious and capable student assistant not only helps the teacher to do more than he might otherwise have time to do, but also helps himself by gaining more self-confidence and, through observation, acquiring a knowledge of how to organize work.

Movie Operators are trained to operate and care for the projectors used in the audio-visual program. Each operator is ready to take a daily assignment either in the projection booth in the auditorium, or in a classroom to show slides or movies. Each year the boys visit a local theater to see how professional operators work.

HOME ECONOMICS ASSISTANTS

Each girl selected by the home economics teachers to serve as an assistant must have better than average grades, a pleasing personality, and a desire to work with children. When the classes are working in the foods laboratory, the assistants get out supplies; in clothing, they check patterns; and in the nursery, they are responsible for games and stories. Besides having these particular responsibilities according to the unit being studied, they check the roll, and type and mimeograph work for the instructors.

Each period of the school day four or five students work in the Attendance Office, their chief duty being to collect absence slips and to record absences on home room record sheets and office filing cards. At the beginning of each first and fourth period one assistant helps Miss Musgrave issue admittance and tardy slips. After finishing their regular work, all assistants are expected to run errands, answer the telephone, or assist in any other way they may be needed.

ATTENDANCE OFFICE ASSISTANTS

STAGE CREW AND CLUB

Manager: Eric Myrland

Whenever there is a meeting in the auditorium, there is always a competent stage crew on hand behind the scenes. Regardless of whether it is just a matter of setting up chairs and operating the public address system for a meeting, or arranging the equipment for an elaborate performance of some kind, they are there to manipulate lights, curtains, scenery, props, and sound. Under the guidance of Mrs. Isabel Wilson, the members of the stage crew train the club members to be the following year's crew.

Working busily under the guidance of their student sponsors, Louanne Rockenstein and Jo Ann Knopp, the Red Masquers performed plays, gave monologues, and interpreted nursery rhymes. By taking part in these activities, the girls gained experience in appearing before a group, and as a result acquired more poise. They are hopeful that this training will help them when they try out for Thespians.

To become a member of Thespian Troupe 264 is the aim of every high school student interested in dramatics. Most members are chosen by tryouts in the spring, but senior students in the dramatics classes may try out for the annual Thespian play, and if they are chosen, they automatically become members of the troupe. The aim of the scciety is to establish and advance standards of excellence in all phases of the dramatic arts and to create an active and intelligent interest in dramatics.

The most important of the Thespian activities this year was the presentation, in December, of the play *The Solid Gold Cadillac*. Early in the new year, tryouts were held, and rehearsals began for the Drama Festival play *Special Guest*. This year the local troupe played host to the Regional Drama Festival.

For their weekly meeting the members themselves planned the programs. Among their more interesting activities were the presentation of monologues and a special dress rehearsal of *Special Guest* for the other dramatic clubs.

The aim of this club is to help the members overcome self-consciousness and develop imagination through active participation in the dramatic arts.

The activities included giving monologues, record pantomimes, and Christmas pantomimes. Before the end of the school term they anticipated presenting a short play. Besides acting, they practiced applying make up, using other members as models. To help them learn to interpret monologues, some of the Thespians visited their meetings and gave demonstrations. The Thespians also invited them to a presentation of *Special Guest* and to a Thespian initiation.

Many members intend to take a course in dramatics, and others anticipate trying out for Thespians this spring. Participation in the activities of the year has helped many to acquire more poise and better speech habits. Mrs. Roush had as her student sponsors Barbara Cantwell and Karen McCutcheon.

ART CLUB 205

President: Crystal Bell Secretary-Treasurer: Mary Tebay

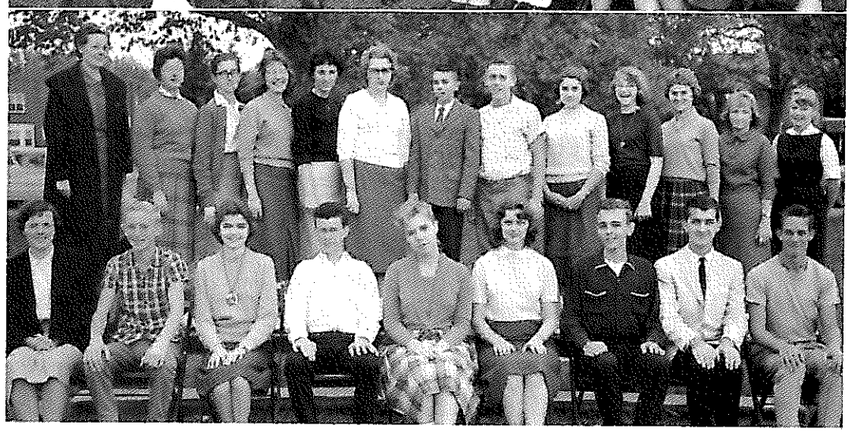

Some beautiful pastel paintings in Mrs. Campbell's room are the first projects her club undertook this year. Next fall, the pictures will be put on display for Parents' Night. Individually, and in groups, the students in Mrs. Sinnett's club worked with charcoal, pastels, ink, scratchboard, oils, linoleum block, silk screen, airbrush, metal etching, jewelry and fabric designing, copper enameling, and ceramics. Their motto, "To create and appreciate beauty everywhere," reflects their interest in all kinds of art work.

This is an honorary organization designed especially for students who plan a career in art, or at least expect to have art as a hobby. Any student who is interested in membership submits a portfolio of his art work which is carefully examined by the members. Then, if the applicant shows enough interest in art and has the required scholastic average, he is seriously considered for membership. This year, among other projects, the club helped conduct the art exhibit at the State Teachers' Convention, and made the scenery for the Christmas program and other assemblies.

When this reporter visited Miss Farnsworth's club, she was reminded of sewing bees such as one reads about in the days of Betsy Ross. At first it seemed there was nothing but voices, but upon closer observation, the reporter found that there was more there than met the ear.

What the girls were doing proved that they need never worry about the last minute rush of Christmas shopping, or about finding suitable gifts for any occasion; for with needle, thread, hook, and loom they turn out attractive pieces of fancywork—doilies, towels, pillowcases, whether embroidered, crocheted, or woven.

According to report, there is not only fun in doing this work, but also a warm glow of satisfaction for having accomplished a job well done.

KNITTING CLUB 203

Although most of the girls had never knitted before, they all produced several beautiful articles. After their beginning instruction, they sped right through what, to this reporter, seemed difficult knitting, but always with Mrs. Congleton nearby to lend a helping hand. Such articles as scarfs, mittens, and socks were first to be made. Many of the girls gave their works of art to special friends, or relatives.

Row one: Judy Corbin, Carolyn Rinehart, Karon Barnes, Elsie Fore, Norma Clem.

President: Sheila Holland — Secretary-Treasurer: Darelene Wilson

"Do you like my new shade of lipstick?" "Did you see Tab Hunter's latest movie?" "What are you wearing to the dance Saturday night?" Such questions were part of the Thursday chatter while the girls embroidered, hooked rugs, and—at Christmas time—stuffed animals. Radios playing in the background added some spice and considerable confusion to the friendly atmosphere.

STITCH AND CHATTER CLUB 134

KNITTING CLUB 131

President: Floretta Flannery — Secretary-Treasurer: Linda Carr

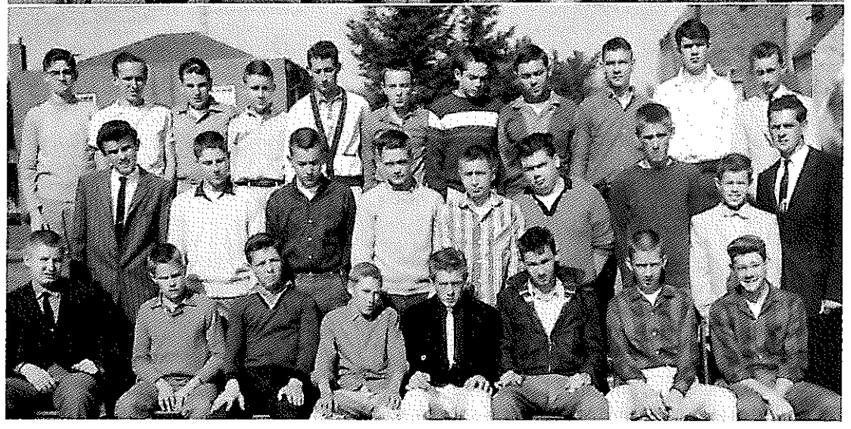

Because most of the girls did not know how to knit, Miss Weir began the year by teaching them simple stitches with which they made stoles, pocketbooks, and scarfs. Then they progressed to more difficult pieces, such as sweaters. Some of the members hoped even to make a dress, like those their sponsor has made. The knitting, which at first seemed almost impossible to master, by the end of the year proved a rewarding pleasure.

Row one: Deanna Sines, Helen Holbert, Sandra Drummond, Linda Carr, Donna Kincaid, Margie Kimes.

Row two: Miss Weir, Partia Brown, Charlene Beam, Nina Griffin, Anita Wharton, Janie Huggins, Floretta Flannery, Jane Pryor, Sarah Martin.

Absent: Patricia Stutler, Anne Helmick, Sharon Cross.

Row one: Charles Clegg, Ronald Nunnelly, Dale Conant, Howard Nicely, Gary Rader, Howard Luthinger, Duane Dilly, Charles Laurentz.

Row two: Russell Clem—sponsor, Charles Meredith, Bill Miskafsky, Francis Mauser, Jack Buckley, Don Grady, George Piggott, Johnny Cornell, Forrest Virden—sponsor.

Row three: Robert Harris, Ronald Knapp, John Schultz, David Keever, Robert Arnold, Donald Johnson, Roger Robey, Dale Allen, Gary Sims, Joseph Anderson, Carroll Pickrell.

Absent: Ronald Deem, Mike Miller.

At the end of the year each of Mr. Clarke's boys has at least two articles to display as the result of his club work. Footstools, and gun and tie racks are the most popular. With the help of their sponsor and student sponsor, Russell Clem, the boys begin by learning how to use woodworking machines. Then they learn to recognize the varieties and qualities of wood, and, finally, they must learn how to sand and varnish wood.

Anyone looking for a club that features activity, excitement, and just plain entertainment, would do well to choose the Square Dancing Club. Here you can "Honor your pardner. Honor your corner. Do-si-do!" to your heart's content. The desire to participate in square dancing is the only requirement for membership.

Under the direction of Mrs. Bailey, these students practiced dances they already knew and learned additional steps as well as entirely new dances such as "Hot Time in the Old Town Tonight," "Red Wing," "Man in the Hay," "Down Yonder," "Alabama Jubilee," and "Five Foot Two." They also learned the circle dance "Oh, Johnny." In club period each week they worked diligently to acquire perfection in time and step.

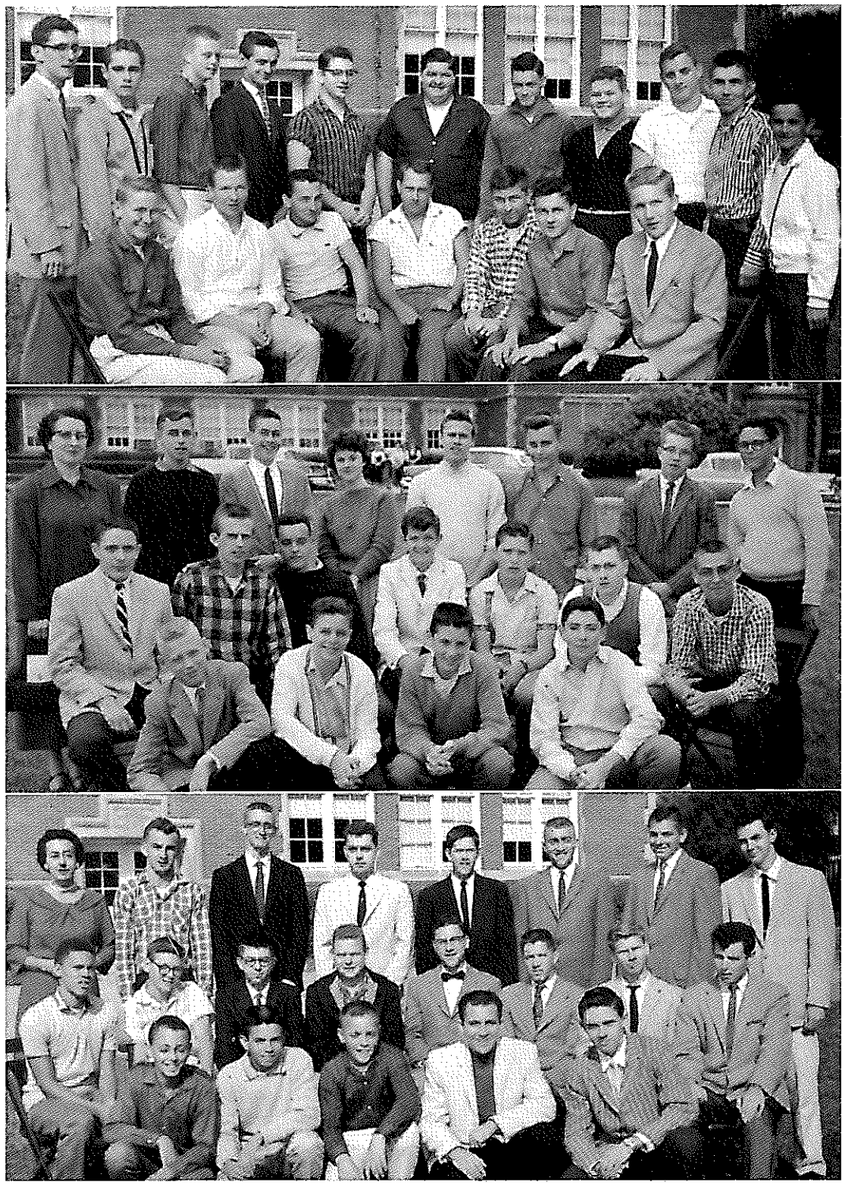

The high point of the year came when some of the members were chosen to participate in the Sports Carnival. The dance chosen for this presentation was "Coney Island Washboard." As the yearbook goes to press, the club is considering presenting the same dance in the Folk Festival, which is to be held at the City Park.

The form of recreation the members of this club have engaged in will provide leisure time activity for many years to come.

CHECKERS AND CHESS CLUBS

Forgetting all the cares of school and homework, the members of these clubs become friendly arch rivals. With the assistance of student sponsors David Lang and Ronald Mace, Checkers Club 117 spends the major part of the year preparing for a tournament with other checker enthusiasts.

The same is true of the two chess clubs—335 and 221. Thomas McNally and William Templeton assist the players in 335 to improve their games, and Kenneth Calebaugh and Robert Hendricks assist those in 221. At the end of the year the two clubs engage in friendly, but heated, tournaments.

CHECKERS CLUB 307

Most of the boys who joined this club already knew how to play checkers. However, their skill increased as the months passed, and after the Christmas Holidays, when the time for the long-awaited championship games arrived, they found that their weekly practice paid off. After the champion of 307 was discovered, he challenged the high man of the 117 club. Their bout decided the checker champion of the school. Student sponsors were Don Lloyd and Mike Wright.

Each Thursday the members of the Scrabble Club met in the teachers' court of the cafeteria to engage in their "battle of words." Though the girls were interested primarily in playing the game just because it is fun, they gained from the experience an increased vocabulary and improvement in their spelling, for any challenged word had to be verified by reference to a dictionary.

SCRABBLE CLUB

HUNTING AND FISHING CLUB

President: Richard Fling
Vice-President: Russell Wilson
Secretary: Ernest Fling
Treasurer: Clarence Brown

Having an active interest in hunting and fishing, the boys in Mr. Wince's club were eager to learn the West Virginia regulations for these sports as well as the safety rules. Many made their own hunting and fishing equipment, and, in the fall, each member made a chart of the game he had caught. One main project was reading and reporting on sports articles from such magazines as *Sports Afield* and *Outdoor Life*.

Row one: David Marks, Larry Hall, Douglas Stephens.
Row two: Roger Wingrove, Leonard Orr, Richard Fling, Robert Floyd, Ernest Fling, Paul James, Russell Wilson.

PARLOR MAGIC CLUB

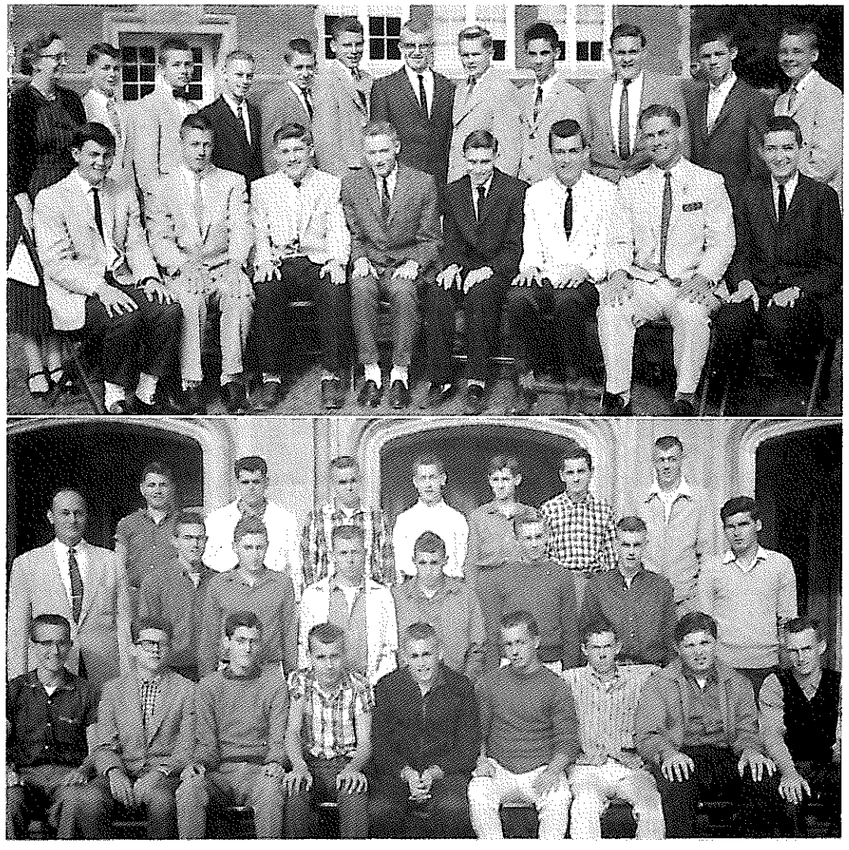

President: David Knox
Secretary-Treasurer: Danny Oyler

These boys devote their time to having fun and to learning how to make fun for others. They learn from their magician sponsor, Mr. McNemar, and from books how to perform many kinds of magic, the most popular dealing with optical illusions, mental mysteries, and escape tricks. In ten seconds, for instance, the "magician" must escape from handcuffs, boxes, and mailbags. When he succeeds, his clubmates applaud his agility.

COIN AND STAMP CLUB

President: Jim Wolfe
Vice-President: Clark Rice
Secretary: Ray Morey
Treasurer: Charles Martin

Auctions, lectures, trips, and special reports highlight the activities of the Coin and Stamp Club. These boys, who enjoy collecting and trading coins and stamps, spend a great deal of time and care on their hobbies. Each member is required to make reports, and to participate in club meetings and such activities as trips to the Post Office and a bank, where he can see career opportunities in action.

GAMES CLUB

President: Jerry Greenleaf
Secretary-Treasurer: Willis Hughes

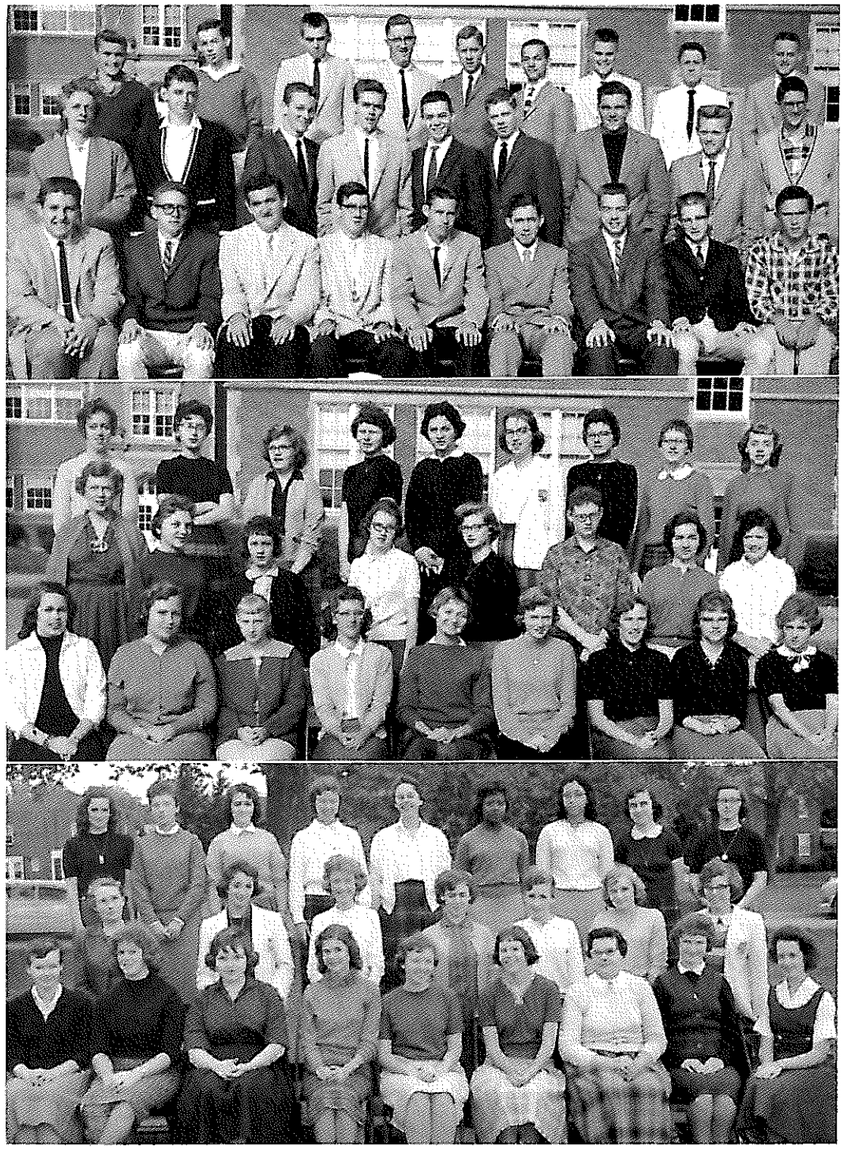

The members of the Games Club enjoyed playing games they already knew—checkers and dominoes—and learning to play some of the old timers with which they were unfamiliar, such as Rook, Flinch, Monopoly, and chess. When the weather permitted, they went outdoors to play football, softball, and horseshoes. Sometimes they went to the field house to play basketball.

BOYS' BOOK CLUB 326

President: Jack Shinn

Secretary-Treasurer: George Cooper

Each week two members of Club 326 selected books for the following week's reading. Though there were new books each week, only six books were required for the year. Each boy made one oral and one written report, and kept a notebook of comments about the other books he read.

The beginning of school found the Entre Nous members trying resolutely to select and read books suitable to review for English classes during Book Week. Preparation for the event included selecting, conferring with, and preparing reports for the teacher in whose classes the books were to be reviewed. Aside from Book Week activities, members were required to read eight books each eighteen weeks and turn in a list of titles read. Although book reviews were not required, many meetings were taken up with entertaining and enlightening discussions of what had been read.

One such discussion concerned the writing of Sinclair Lewis. Many felt that although he is a satirist, he is much too sarcastic. Another discussion centered on a magazine article concerning cheating. The group agreed that cheating is definitely wrong, and that if marks were emphasized less, there would be less cheating.

A special feature of a most enjoyable dinner meeting was a talk by Miss Ruth Hornbeck, author of *This Gift from the Heart*. Another highlight of the year was the annual Christmas banquet.

GIRLS' BOOK CLUB 206

President: Karen Balderson
Vice-President: Sandra Rhodes

Secretary: Linda Farr
Treasurer: Judy Musgrave

Each Wednesday afternoon the president and vice-president of Miss Myers's club selected interesting books from the school library to be distributed at the Thursday meeting. The club period gave the girls time to read books they ordinarily might not have had an opportunity to read. The main objective of the club was to stimulate outside reading. Book reviews were entirely voluntary.

The junior and senior students who made up the membership of this club were interested in reading, hearing reviewed, and discussing with the reviewer the "greats" in literature.

The books to be used were selected by a committee composed of English teachers and a librarian, Miss Olive Lewis. Their object was to choose books that would be enjoyable to read, but would at the same time challenge the ingenuity of the reader and require him to read with perception. Those who did not have the books available added this admirable group to their personal libraries, usually the paperback copies, which they ordered several weeks in advance from the sponsor, Miss Virginia Neptune.

The Return of the Native by Thomas Hardy was reviewed by Mr. Kendall Hall, a member of a great books group for adults; *Cyrano de Bergerac* by Edmond Rostand, Mrs. Mary Uhrhane, our French teacher; *Alice in Wonderland* by Lewis Carroll, Mrs. June Lay, one of our librarians; *King Lear* by William Shakespeare, Mr. Francis Herdman, a former teacher at P.H.S. now at Marietta College; *The Bridge of San Luis Rey* by Thornton Wilder, Mr. Richard Dickison, a reader of the community; and *Don Quixote* by Miguel Cervantes, Miss May Ann Pettigrew, our Spanish teacher.

The experience gained through the reviews and discussions of these books helped the members of the club to understand not only these, but to understand how to evaluate other books they read. All agreed that the club is a worthwhile project of the English Department.

Led by a volunteer, each Thursday they engaged in a lively discussion of some Biblical event, or character. Question and answer periods drew out varied opinions and promoted a broader view and understanding of possibly debatable subjects.

Among those who spoke to them at their meetings were Mrs. Sarah Ball, a beautician, and Mr. Paul Paskevich, a city sanitarian. To raise funds to send some of their members to conventions, the club sold candy bars.

Miss Whaley's club was formed to help girls try to overcome their problems through discussion with other girls. Better to accomplish their purpose, they set up four committees: Boy-Girl Relations, Parent-Child, Personal Hygiene, and Personality Problems. The committees took turns leading the discussions so that all could participate.

Besides their weekly programs, they engaged in projects related to their club interests. Before Christmas they received a letter from a woman in Kentucky asking for clothes in exchange for holly and other outdoor decorations. Although the girls heard nothing further after sending the clothes, they had the satisfaction of having helped in a situation where help evidently was needed.

EMILY POST CLUB 219

President: Sharon Crook
Secretary-Treasurer: Ann McKitrick

Each girl in this club had one purpose—to learn how to become a polished and charming individual. Many teen-age problems were discussed, especially that of boy-girl relationships. Other topics, such as personality and character development, good grooming, proper clothing, hair styling, and party planning were brought before the group through panel discussions and special reports, and by guest speakers who are authorities in their fields.

EMILY POST CLUB 222

Although their weekly discussion often concerned dating, the girls engaged in other activities, too. They divided into committees, the committees taking turns in providing programs, which included demonstrations of how to wrap gifts, address invitations and senior announcements, set a table, apply makeup, and conduct oneself generally according to accepted conventions. In the spring Dils Brothers sponsored a style show presenting the new fashions and the right accessories to go with them.

Those freshman and sophomore girls who enjoy singing were eligible to membership in the Dolce Glee Club. Because most of the freshman girls came to Parkersburg High School from schools where there are no musical organizations, it was their first experience in such group participation.

The main emphasis of the year was upon the preparation of songs for the Music Festival. With the Marcato Glee Club, the Dolce sang "Gypsy Band of Dreams" by Paul Bliss, a modern composer, and "Come, Let Us Start a Joyful Song" by Hans Leo Hassler, a fourteenth composer. They also participated in the mass numbers, including "The Battle Hymn of the Republic." For this public appearance they wore pastel sweaters and dark skirts; and as the audience watched and listened to them, they could see that Dolce, meaning sweet, is a particularly appropriate name for them.

Not all their club meetings were devoted to Festival music, however. When they had time, they sang songs they particularly liked, first among these being Negro spirituals and other folk songs, and numbers from Broadway musicals.

At present some of the girls are studying voice anticipating trying out for membership in A Cappella Choir, for which their training in the Dolce Glee Club also helps prepare them.

Very appropriately this group began the year with the number, "Let There Be Music." As if in answer to the request, there has been music all year for Miss Allen's sophomores. They have contributed generously to many programs—the Thanksgiving, Christmas, and Easter assemblies, the Holy Week services, a musical interlude for the State Teachers' Convention, and, of course, selections for the annual Music Festival.

The choir was formed to afford the members the enjoyment gained through singing, and to help them prepare further for A Cappella Choir tryouts. Most of the members have had training through voice classes, but this training was not required for membership. The only requirements are a pleasant singing voice and a desire to sing.

One of the choir's favorite numbers is a dramatic arrangement of "'Twas the Night before Christmas." Another, of a different type, is "All in the April Evening." Accompanied by Cathy Breckenridge, the ninety-three members spent every Tuesday and Friday practicing for their performances.

The highlight of the year was the Music Festival, for which they presented three numbers —"Guard Well Thy Trust, America," "All in the April Evening," and "Let All the Nations Praise the Lord."

This year Mrs. Wilson, tried, with success, to give as many girls as possible a chance to sing. Most of them had had voice instruction, and a few were in A Cappella Choir; however, neither of these experiences was a prerequisite for membership in Marcato.

The club is composed of approximately one hundred fifty junior and senior girls. Seniors who were in the club last year automatically were admitted to membership, but all others were required to try out by singing a selection of Mrs. Wilson's choice. The senior members, from whom a president was selected, met on Friday, while the junior members, who chose the vice-president, met during the fourth period Monday.

For the Music Festival this year, the girls found a suitable number in a 15th Century song by Hans Leo Hassler, "Come, Let Us Start a Joyful Song." To change the pace, they also sang "A Gypsy Band of Dreams" by Paul Bliss, which featured a special quartet part. Appearing in the traditional dark skirts and pastel sweaters, the members presented with the entire Festival Chorus, some numbers in 16-part harmony.

After the Music Festival, they began to practice Easter music, preparing "Jesus, Our Lord, We Adore Thee," a canon arrangement of Mozart's "Alleluia," in the event that they might be asked to participate in the Holy Week services.

Vivace, which means lively and spirited, certainly is the right word to name this group of more than sixty junior and senior boys, whose chief reason for joining the club is to have fun singing. Most of the boys have been in glee clubs since their grade school days and like to continue participating in musical activities. Although many have had voice instruction, previous training is not a prerequisite for club membership.

Though the boys enjoy most those songs which are decidedly spirited, and may not be especially difficult, they also enjoy the more difficult pieces they have presented for various programs they have worked hard under Miss Lorene Allen's direction to perfect their music.

Their main undertaking this year was their part in the annual Music Festival, which was presented the last of March. In April, in co-operation with the other boys' music clubs, they gave a program for a junior-senior assembly. The program was made up of a variety of types of presentations---solos, quartets, and other small groups as well as choruses by the group as a whole.

The A Cappella Choir, composed of eighty-seven members, had a very busy year, as they gave many performances for the school and community.

The first important program on their agenda was the annual P.H.S. Revue, which spotlighted the popular song "'S Wonderful." This year it was called "Hulaskapades" in honor of our forty-ninth and fiftieth states. The show, which was presented November 19, 20, received the hearty approval of both audiences. In October for the Regional W.V.E.A. Convention, which was held at our school, the Choir sang "A Song Is Made for Singing Again" by Cain. For the Thanksgiving assembly, they presented a program of such songs as "Lend Thine Ear" by Wilhousky.

In December, when they presented their annual Christmas Concert, as well as programs for the Rotary and the Union Trust Party, the public had an opportunity to hear them.

In a special assembly just before dismissal for the Holidays, the student body enjoyed their annual Christmas concert, which featured Nicolai-Christiansen's "Wake, Awake" and the traditional "Come, O Come, Emmanuel."

With the opening of school after Christmas, they presented programs for the four junior high schools of the community. Later they participated in the Music Festival, singing a novelty number called "Simon the Fisherman." For the Easter assemblies they sang "Hallelujah" by Bach, and for their annual Spring Concert, on May 6, featured an arrangement of "I Want to Sing a Solo" by Wilson.

P.H.S. was honored when several members of the Choir represented the school at Fairmont in the All-State Chorus, where the Chorus sang "Go, Song of Mine" and several other numbers.

The Choir ended their activities for the year by singing the benediction, "The Lord Bless and Keep You," for the Class Sermon and Commencement.

The members of the student body show their pride in their Band with the cheer they send up when the red and white clad lads march down the field. Early in August, the Band, composed of eighty-one members, begins to take shape for the football season. Outside drill continues as long as the weather permits. All members are required to take two class lessons a week and to attend four band rehearsals. Those who are carrying five subjects take their lessons after school.

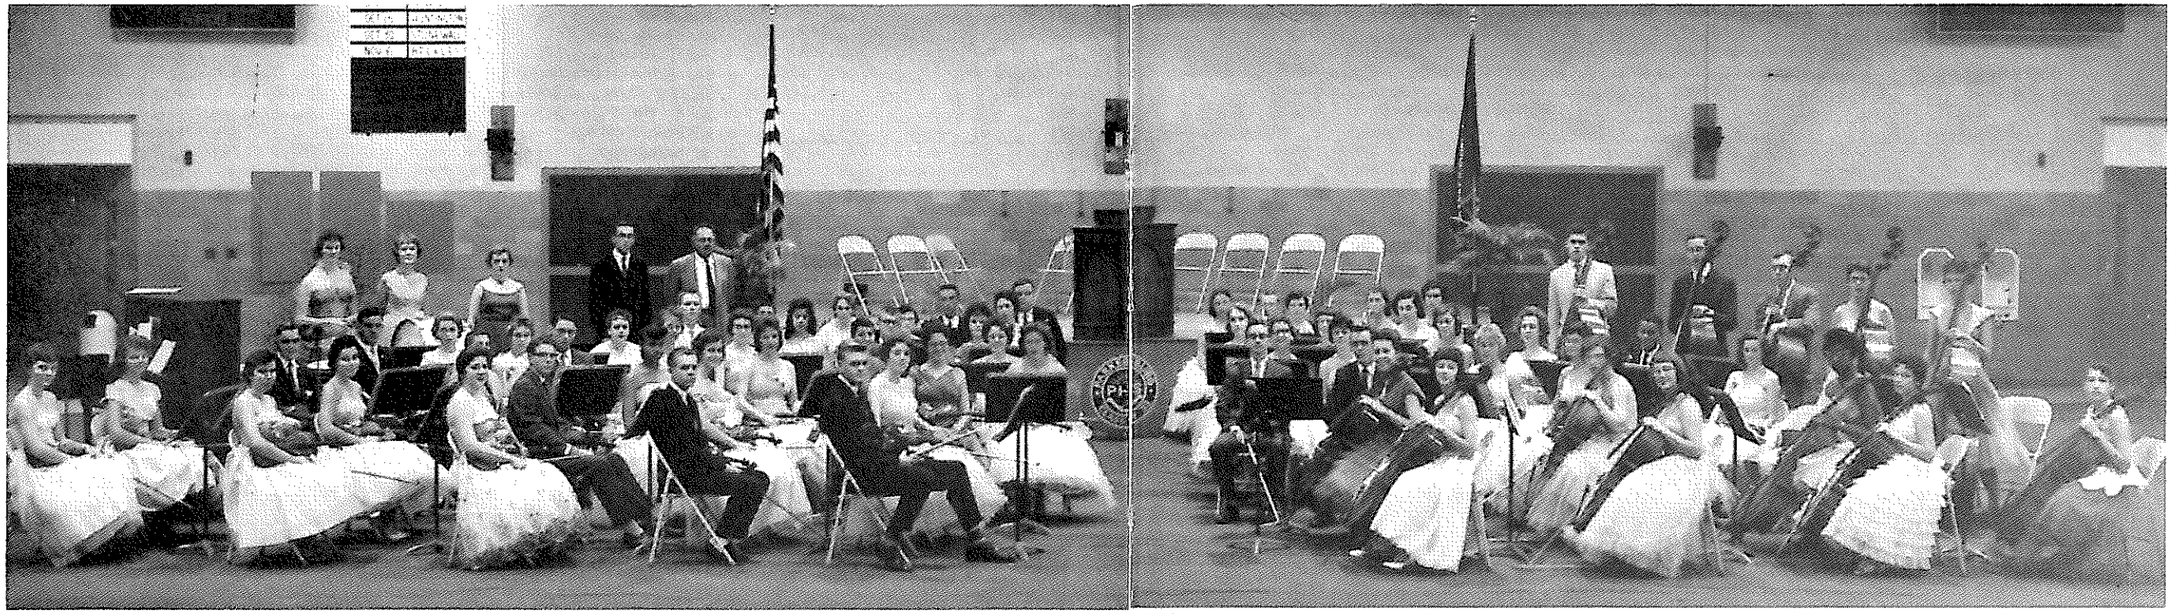

Always generous with their services, the Band took part in community as well as school activities, playing for the Old-Fashioned Bargain Days parade, the Armistice Day program, and the Shopping Center. Other activities included providing a Circus Band for the Sports Carnival, and playing for the annual Music Festival and graduation.

Their last concert of the year was presented in April. At their annual banquet, in May, the senior members were honored guests and were awarded their band pins.

An innovation this year is a stage band, the Big Red Ambassadors, composed of fifteen members of the Big Red Band. In January the Ambassadors attended a stage band clinic in South Charleston, in which eighteen bands were entered. Mr. Art Dedrick of New York City, who was the judge, has been a staff arranger for N.B.C. and M.G.M., and has been a guest conductor and clinic director for such universities as Ohio, Michigan, Cornell, and Columbia. Mr. Dedrick, who is at present arranging and publishing music for school dance bands, gave the Ambassadors a first place rating in all divisions.

The Ambassadors played for several community groups including the State Chamber of Commerce Convention, the West Virginia Hardware Association, and a Woman's Club luncheon, as well as for an assembly program for the student body.

Every fourth period these students could be found in the orchestra room tuning their instruments and diligently practicing their numbers. The time and tireless effort they devoted to their music was evident in the excellent concerts they presented. A point stressed by the director, Mr. Gelber, is the fact that the nearest thing possible to perfection comes through instrumental music. In nothing else is precision in timing so much expected and so nearly achieved. Although this precision takes much time and effort to accomplish, there is a great satisfaction when the result is a job well done, or, in this case, a piece well played.

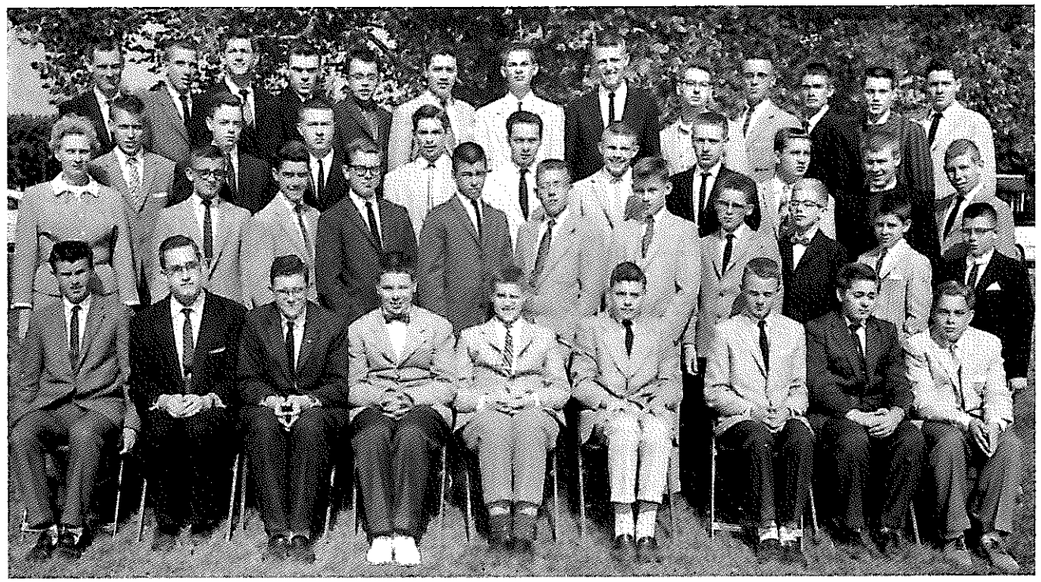

Throughout the year the orchestra presented a number of programs: a Christmas assembly, two performances for the Teachers' Convention, and the music for the Class Play and Sermon. The Symphonette, which is composed of twenty-four orchestra members, played for other groups, especially for civic organizations.

Each year soloists are featured in the concerts. This year the members chosen for this distinction were Karen McFarland, Susan Parker, Elaine Dyke, and Bill Steinke, who also had the honor of being concert master. Two public concerts had been given before the *Parhischan* went to press, and a third was planned for later in the spring. Though the music for concerts is primarily classical, occasionally lighter compositions such as selections from *My Fair Lady* are played.

A much anticipated activity is the annual meeting of the All-State Orchestra. Each spring talented musicians from all over the state meet in a selected town and practice together for a few days before presenting a program. This year they assembled in Fairmont on March 30, 31, and April 1.

Through work in the orchestra, students learn to understand better the composer's intention. A deeper appreciation of music is developed, and it is hoped that students will use their training for active partcipation in adult musical groups.

A part of Mrs. Wilson's busy club schedule is directing this group comprised of sophomore boys who enjoy singing more than any other recreational activity. Long hours of practice brought their reward in the favorable comments made after the Music Festival, in which they joined the other groups in singing several numbers including "Onward, Christian Soldiers," "Ode to America," "Serenade to Spring," and the traditional "Battle Hymn of the Republic."

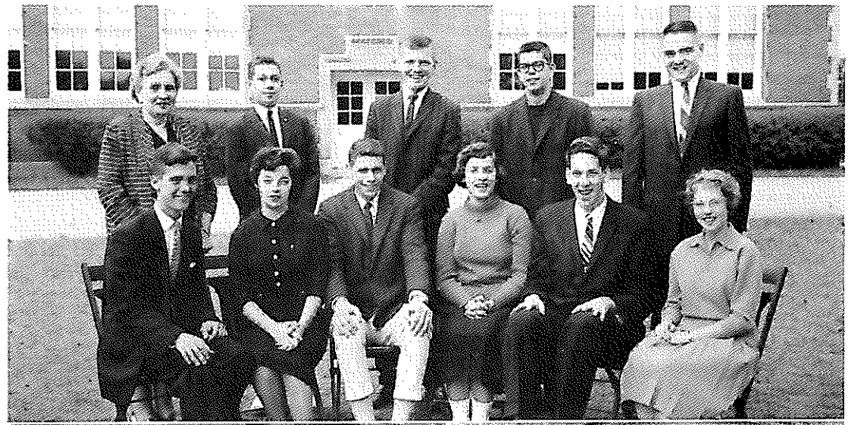

Besides appearing in the Music Festival, the boys treated the junior and senior classes to a special assembly on April 27. With the Vivace Glee Club, they sang both en masse and as quartets and double quartets. Of course, most of the members cherish a desire to gain membership in A Cappella Choir.

The Meistersingers, formerly the Sophomore Boys' Glee Club, selected their name from several Mrs. Wilson suggested. The name "Meistersingers" is derived from an old German word meaning "Master." The German Meistersingers constituted a singing guild from the fourteenth century until near the middle of the nineteenth century.

MASQUE AND GAVEL

President: Lee Warner — Vice-President: Bronis de Supinski
Secretary-Treasurer: Brenda Mercer

The Parkersburg High School chapter of Masque and Gavel, an honorary speech organization, sponsors the West Contest—Senior West for eleventh and twelfth grade students, and Junior West for ninth and tenth graders. It also sponsors the school's participation in the West Virginia Interstate Forensic League. To help defray expenses, this year Masque and Gavel presented "The Old Grouch," a one-act play. On Tap Day each year the active members "tap" the students who will be the new members the following year.

Telephone conversations, interviews, salesmanship, in fact any kind of speech that has to do with business was emphasized in the programs of this club. Choral speaking, orations, and group discussion had a place on the program also, as did panel discussions of current events and school topics. The club members and student sponsors assisted in presenting the weekly WPAR radio show "This is P.H.S." Student sponsors were Bonnie Butner, Linda Marshall, Marilyn Matheny, Karen Smith, and Sue Whitlatch.

To foster participation in the speech activities offered by the school was the main purpose of this club. Composed of freshman and sophomore girls, the group was supervised by Mr. Townsend and student sponsors, Karen Malona and Dodie Cochran.

Their most important activity was their preparation for taking part in the Junior West Contest, which was held in March. With the assistance of the student sponsors, each decided which division of the contest to enter, and then chose and practiced the selection she wanted to give. Besides giving the speeches they prepared for Junior West, the girls read poetry, presented panel discussions, gave extemporaneous and after-dinner speeches, and made sales talks. For a special program at Christmas, each one told an appropriate story.

Hearing their voices as they were recorded on tape helped them to improve their speech habits as did the criticism each one made of the other members. This helped them to learn to speak correctly and effectively, and speaking before the group helped them to gain confidence in themselves.

Guest speakers, who give both the advantages and disadvantages of the teaching profession, and movies portraying actual classroom experiences are presented to help these academic students to decide whether or not they would like to pursue a career in the field of education.

Some of the goals of the club are to explore the opportunities available, to develop the beginnings of a professional attitude, to cultivate qualities desirable for becoming outstanding instructors, to provide an opportunity to work with children, and to study the lives of some of the great teachers of all time.

Aside from the serious aspect of the club, these future teachers enjoyed the fun of a spring banquet and the excitement of the annual F.T.A. convention which assembles at Jackson's Mill.

F.T.A. is an honorary organization, whose membership is made up of students who have been voted into the club. It is not mandatory that a member intend to become a teacher, but that he be especially interested in exploring the field.

The purpose of ABC "DECA" is to develop for the field of distribution leadership that is competent, aggressive, self-reliant, and co-operative; to provide intelligent choice of occupations in distribution through exploration of opportunities in the field; to create for the student an abiding interest in his chosen occupation through an appreciation of the opportunities it offers him for contributing his share in worthy home and community membership; and to encourage the use of high ethical standards in business.

Members of the club are vocational students who are especially interested in employment in this field and look ahead to working in their own communities. They may, during the school year, work in Wood County wholesale and retail establishments during rush seasons. Business leaders of the community sometimes visit the club to discuss interesting community work programs. Co-operation of the students has a tremendous effect on their co-workers because they have opportunity to realize the responsibilities of progressing in their work.

DICTATION CLUB

Row two: Ann Gilbert, Mary Wilson, Shirley Marks, Beth Barry.
Absent: Louise Dulaney.

President: Beth Barry

Because these girls have already studied stenography, the purpose of the club is to afford them an opportunity to improve their typewriting and shorthand speed. Often they do this not by practicing the customary drill, but by doing some typewriting for teachers who have requested it. They also practice using the office equipment in the Commercial Department. One different activity was their participation in the Facit Accuracy Contest in Typewriting.

TYPEWRITING CLUB 231

Mrs. Dutton's club gave students a valuable extra session for practicing typewriting. Their aim was to increase their skill in performing the many types of work they will be required to do. To achieve their goal they practiced speed writing, cut stencils, typed poems, and made designs using only the letters, numbers, and symbols on the typewriter. Besides actually using the machine, the students learned more about how to care for it.

Row one: Janet Louise Davis, Barbara Mercer, Bonnie Boggs, Geraldine Knight, Shirley Miller, Darlene Deem, Barbara Gain, Karen Tenney, Sue Dotson.

President: Suzanne Dotson — Secretary-Treasurer: Donna Smith

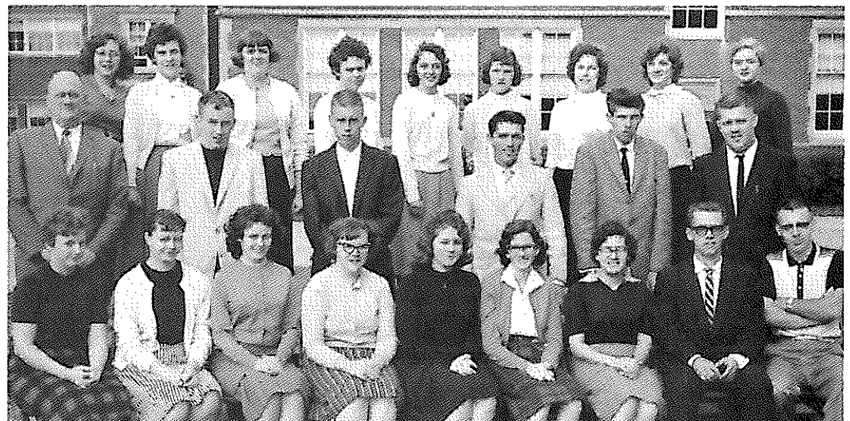

Both first and second year stenographic students had an opportunity to practice shorthand and typewriting under Mrs. Brown's supervision. While some students received further drill in shorthand by means of dictation from a tape recorder, others typed business letters to become familiar with the different kinds their employers would require them to write. One club objective was to help each member gain confidence in herself and in her performance of stenographic skills.

STENOGRAPHIC BUREAU

COMMERCIAL CLUB

President: Robert Bibbee Secretary-Treasurer: Everett Blair

The object of Mr. Pearson's club was to provide the members with more information about business management and selling. Speakers from such local business establishments as the Coca Cola Company, Dils Brothers, Montgomery Ward, and Stern Brothers were engaged whenever possible. Occasionally, when the speakers were unable to attend, Mr. Pearson showed slides concerning business opportunities and qualifications. Job openings in business and commerce also were explored.

Mrs. Morris selected for her club those students who needed more practice to develop their typewriting skill. To do this they made Christmas booklets, picture designs, and alphabet paragraphs, kept progress charts, and sometimes did typewriting for other teachers. Besides affording them further practice, these projects helped them to learn additional uses of the typewriter.

JUNIOR FUTURE NURSES' CLUB

President: Audra Dowler Secretary-Treasurer: Janet Cox

The Wood County Public Health Nurse, Mrs. Mary Schell, taught these girls some of the tasks they will be expected to perform in the event they enter the nursing profession. They spent many of their meetings at St. Joseph's Hospital, where, among other duties, they learned to make beds and give bed baths. By familiarizing themselves with some of the duties required of nurses, they will be better prepared to decide whether they want to take nurse's training.

"Scalpel." "Emergency case on the way!" "Oh! my aching feet." Such ejaculations some of these girls will be hearing next year. To enable themselves to decide whether or not to enter the nursing profession, they made frequent trips to the hospital, where they saw demonstrations of techniques and equipment employed to make a hospital stay as comfortable as possible for the patient. The days they had their meetings at school they discussed requirements, cost of training, employment opportunities, and the social life of a nurse.

Upon entering the F.F.A. room, one notices first the many plaques and loving cups that have been presented to this chapter through the efforts of former and present members of the organization. Attending a business meeting is an exciting experience, for every boy is on the alert to see that matters are handled in the proper manner, efficiency in the use of parliamentary procedure being one of the skills all members must acquire.

There are four grades, or degrees, of active membership—"Green Hand," "Chapter Farmer," "State Farmer," and "American Farmer." These grades of membership are contingent upon definite acomplishment in the vocational agriculture program. Specific levels of attainment with respect to farming, earnings, investments, leadership, and scholarship are set up for each degree.

This national organization has its own constitution, motto, songs, salute, colors—National Blue and Corn Gold—and emblem.

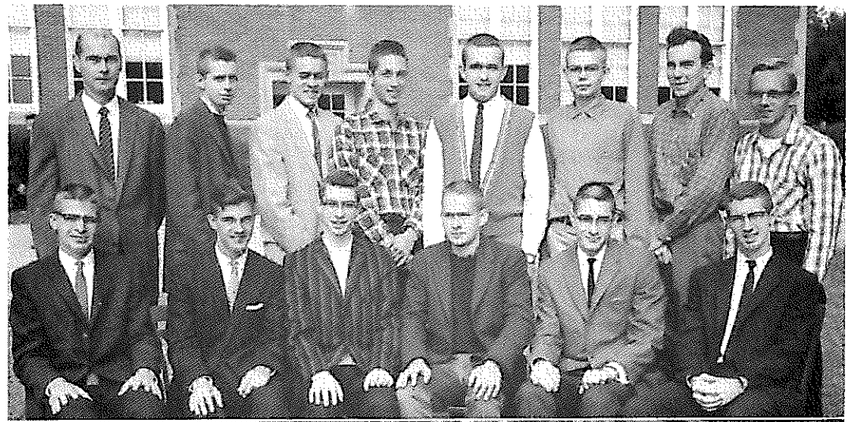

The emblem is significant and meaningful in every detail. It has five symbols: the owl, the plow, and the rising sun within a cross section of an ear of corn which is surmounted by the American Eagle. Upon the face of the emblem are the words, "Vocational Agriculture" and the letters "F.F.A." The owl is symbolic of wisdom, and the sun represents progress and the new day that will dawn when all farmers are trained and have learned to co-operate. The cross section of an ear of corn represents common agricultural interests since corn is native to America and is grown throughout the nation. The eagle indicates the national scope of the organization.

Through their experience in this organization, these farmers of the very near future will be better prepared to help improve the living conditions of their own communities.

CHEMISTRY CLUB

President: James Morris Secretary-Treasurer: Ronald Lane

Chemistry Club is made up of students who want to work more involved experiments than the limited class time will permit. One such experiment is the analyzing of a volume of air to determine the amount of water vapor, carbon dioxide, nitrogen, and inert gases present. For the Science Fair they constructed a working model of a Downs cell.

Realizing that the ability to spell correctly is a valuable skill, these students industriously engaged in weekly spelling bees conducted by student sponsors, Sue Walker and Shirley Stewart. Of course, before tackling the longer and more difficult words, members "tamed" the so-called "demons."

SPELLING CLUB

SLIDE RULE CLUB

President: Larry McDaniel Secretary-Treasurer: Dolores Leeson

To become a member of this club one must have a slide rule and must be seriously interested in learning how to use it. The students devoted their time to mastering the technique required for multiplying, dividing, and working ratio. The skill acquired and the experience gained will benefit them not only in their classwork, but also in any business which requires mathematical computation.

These clubs had the same goal—to afford the members more opportunities to use their chosen languages.

The French Club told stories, played games, and used records to help increase their fluency in speaking. Sometimes they had speakers, who told of their travels in France.

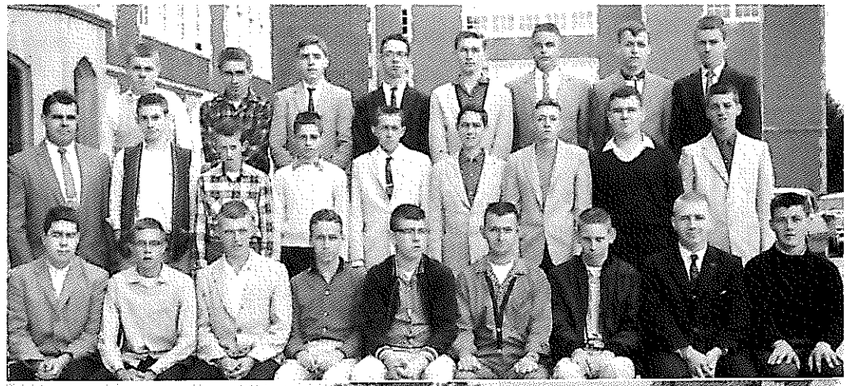

During their meetings, the Spanish Club presented skits in Spanish, and studied Spanish music and customs. As members of Spanish classes, they helped to teach the language to the children in the nursery classes.

The boys in Mr. Farinash's club found the answers to questions raised every day, such as the source of Parkersburg's water supply and the location of the landfill. A committee planned most of the programs, which included field trips and talks by guest speakers. The boys looked forward to and prepared projects for the annual Science Fair.

The boys were fortunate in that they heard a guest speaker and enjoyed some films on the subject. They visited the Auto Shop and planned a model car display of both foreign and American makes.

Although previously a co-ed group, this year the College Club was composed of girls only. During their meetings, they became familiar with the needs and demands of college life. Guest speakers from near-by colleges gave talks about their particular schools. Skits, among them "Life in the Dormitory," added variety to the meetings. Many college bulletins were kept on file for reference and study. The advantages and disadvantages of working while in school, of living at home or on the campus, and of joining fraternities and sororities were discussed.

Each girl made an analysis of her favorite college, giving such information as courses offered, scholarships available, and tuition and dormitory costs. All then compared their analyses to learn the differences between colleges. Even those in the club who do not go to college will have been helped since they will have learned something of the problems involved when they live away from home.

BOYS AND GIRLS STATE

A boy who attended Mountaineer Boys State summarized the reaction of all including those who attended Rhododendron Girls State, "It was an experience in governmental procedure, citizenship, and, most of all, brotherhood." The purpose of the program was to give high school students experience in governing a model city, county, and state. Each delegate was assigned to a party, either the Nationalist or Federalist, and then began his campaign for election to the office of his choice. Parkersburg won five offices in the 1959 season.

For junior and senior girls who are especially athletically inclined, the Girls' Athletic Association provides an opportunity to participate in those sports they might otherwise have to by-pass.

On November 5, the G.A.A. was hostess to the girls' athletic groups from neighboring schools, among them Williamstown, Marietta, Huntington, and Charleston. The theme of this playday was "Step To It." The group divided into teams with such names as the Loafers, Sneakers, and Bucks, carrying out the spirit of the theme. After a morning of lively competition in volleyball, cageball, and basketball, the girls enjoyed a luncheon; and then convened for more action. As those in the past, this playday was a tremendous success.

Preparation for the Annual Sports Carnival provided an extra incentive to work harder during club periods and extra sessions. After the girls had learned the steps for the various dances—among them the "Clown Dance" and "Fan-Tan," an Oriental dance, and rhythmic gymnastics—they vied for positions.

Saturday bowling leagues also highlighted the season. Miss Urso, sponsor of the association this year for the first time, encouraged more active participation in all sports and particularly in relays, a relatively new activity in the group.

Every Thursday the members of this club met in the field house with Coaches Parsons, Pugh, Dutton, and Starr to learn more about their favorite sport. The club was a great help in developing ties of friendship and in building a better attitude toward teammates and opponents. During the football season, since the main thought is to win games, club meetings were used as strategy sessions to determine how the Big and Little Red Teams might outplot as well as outplay their opponents.

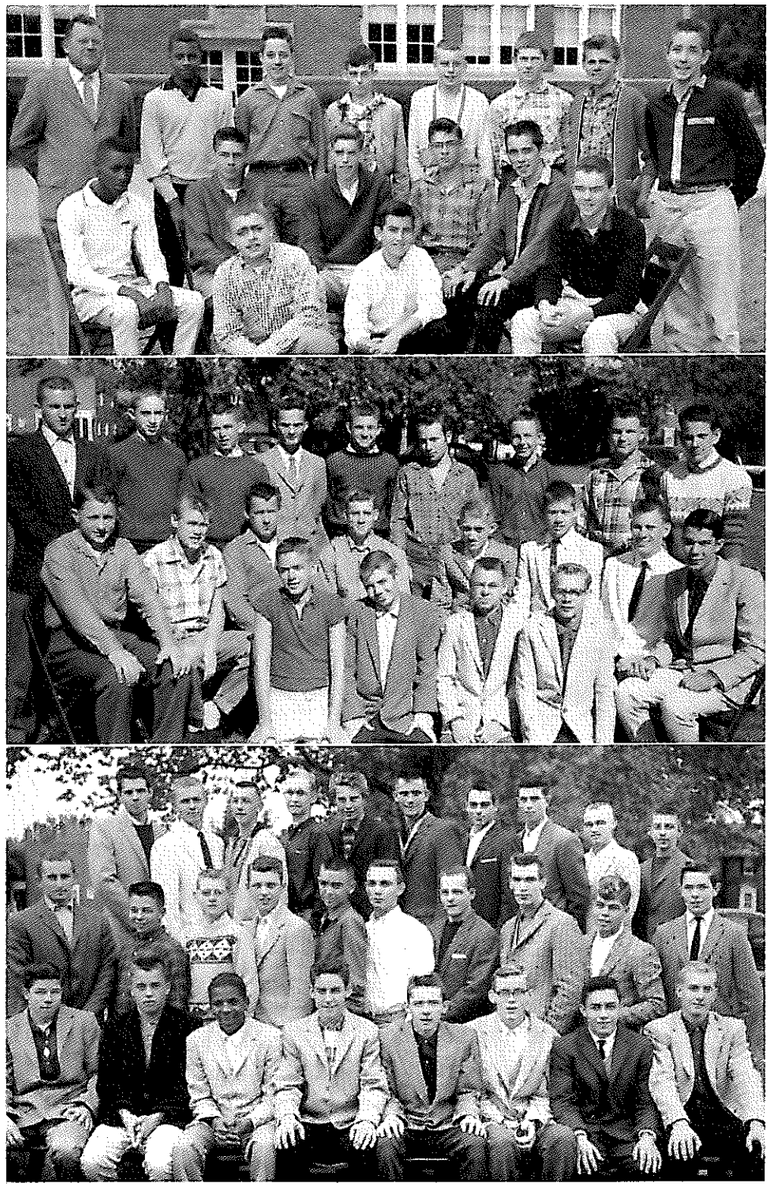

With the help of the blackboard, the boys were taught the rough outline of plays. Then, when these plays had become glued in the players' minds, they were taken to the practice field where they were modified to satisfy the teams' timing.

During club meetings the members compared their abilities to those of their opponents as they attempted to predict the teams' chances during the season. A large portion of the club period was consumed in attempting to fill each position with the most capable player.

After football season the topic of conversation turned to track because the majority of the boys were planning to participate in the "cinder" sport. Throughout the year the boys acquired information that will be valuable to them as they continue to play football.

FRESHMAN FOOTBALL CLUB

To make a good football player, a boy must be physically fit, and must be willing to study and spend much time practicing. To meet these last two requirements, Mr. Thorpe's boys gave reports on games and specific plays. They also watched movies to see the techniques other football players use.

BIG RED BASKETBALL CLUB

The purpose of the club, composed of members of this year's team, was to create more interest in the game and to study the tactics of their future foes. Each club period, under the guidance of Mr. Mandich, they reviewed plays and watched movies of previous games. Much of the success of the 1960 season no doubt can be attributed to the work done in club.

GYMNASTICS CLUBS

One of the highly favored features of the Sports Carnival is the performance of the gymnastics groups. The boys practice many hours to perfect their vigorous exercises in advanced tumbling. In our well-equipped gym, they work out routines on everything from the mats to the flying rings, practicing stunts on the trampoline, high bars, and other gymnastic equipment at their disposal. Under Mr. Shadle's supervision, they developed better techniques for their performances during the half time at basketball games.

The Sophomore Girls' Sports Club had a decidedly new look as it began to operate this year. All the members were new, the adviser—Miss Foster—was new, and a number of new ideas were added; but none of the traditions of the club were discarded. Immediately after the organizational meeting, the girls drew up a constitution and introduced a point system similar to that used by the G.A.A.

Girls who want to be members of the club sign up at the beginning of the year, and from this list the membership is chosen. Members must maintain a satisfactory scholastic average in order to remain in the club.

The main function of the organization is to promote good sportsmanship and to give the girls an opportunity for extra sports and fun. By dividing into teams and competing against each other, they improve their skill in the various sports. Besides competing against their own teams, they play against teams from the G.A.A. With the G.A.A. they have helped plan playdays and have helped make the playdays of other schools successful.

Journalism classes publish the school newspaper, the *Journal*. First year students, called cub reporters, are allotted news runs to collect and write the news from all areas of the school. Second and third year students, called the staff, edit copy, take pictures, make up the pages, and see that the paper is distributed.

Working the year round, the journalism students, with a very high standard of work, try to keep the school, and the many other subscribers, well-informed about what is happening at P. H. S.

The cubs learn how to put out a paper by working closely with staff members and by printing their own issue of the *Journal*. For this special issue they collect news, take photographs, and make up pages, without the help of the staff. It is in this way they learn the duties and responsibilities of each staff position. Each spring the staff for the next year is chosen by the out-going senior members of the group.

At the beginning of the year, there is a subscription drive which is climaxed by a dramatics show. During the remainder of the year movies are shown for the purpose of raising funds for the paper, and a talent show is given for subscribers.

QUILL AND SCROLL

President: Phillis Waters — Secretary: Terry Stephens
Vice-President: Phyllis Wade — Treasurer: Jack Clark

To become a member of Quill and Scroll, an international organization which promotes the highest standards of high school journalism, a student must have a high scholastic average and must have contributed something outstanding to the field of journalism. Selected junior high school students are invited to a spring meeting, where they learn something about journalism and are encouraged to pursue a course in this field. Other activities of the group include a Christmas party and an awards dinner.

The News Bureau, made up of journalism students, is a public relations agent for the school. This group writes for the two Parkersburg newspapers a constant flow of news stories, averaging from two to ten daily. The stories concern all school activities except sports. Publicity for at least ten public entertainments of the school year is taken care of by the News Bureau.

In October each home room teacher appointed a *Parhischan* Agent for his, her, home room. After receiving instructions in the procedure to follow in taking subscriptions, the Agents were ready for the first Monday in November, and the three following Mondays. They collected money and wrote out receipts in their home rooms, then tallied their envelopes and money, and turned in both to the *Parhischan* Staff, who checked their accounts each week.

Row four: Janet Cunningham, Fred DeBussey, Charles Flinn, Scott Barber, Halie Thompson, Ricky Atkinson, Charles Martin, Patricia Coberly, Donna Tawney, Judy Akers, Dwight Grimm, Linda Nixon, Richard Cooper, Harley Buzzard, Sandra Jones.

This is an entirely voluntary service since no one has to accept the appointment, and it is tedious as well as exacting. The service of this group is appreciated by a busy Staff.

The 1960 yearbook staff found it necessary to borrow the age old motto of the stage, "The show must go on." Indeed, while the rest of the student body enjoyed several unplanned holidays because of heavy snows, the *Parhischan* troupers worked diligently so that their production might make its debut before the seniors' final appearance at P.H.S.

As the curtain went up at the end of an enjoyable and all-too-short summer, the members of the cast rolled up their sleeves and set to work scheduling pictures. They worked in shifts assisting with individual, home room, and club pictures.

As with any other production, the *Parhischan* staff found that funds were necessary; and with this in mind, they conducted a subscription campaign. On the Mondays when money was accepted, room 111 resembled a U. S. mint. Also, in order to meet the overhead, pictures were sold to students later in the year.

Soon the scene changed, and the room began to look like Santa Claus's workshop on December 23. Pictures were mounted, copy was written, clubs were visited, typing was completed, and an unbelievable amount of Coke was consumed.

The curtain fell on a pleasant note when the book was delivered to the critics to await approval—and the weary staff trudged home to recover.

Although the Big Reds lost most of their forward wall through 1959 graduation, they turned in a fine season of eight wins, one tie, and two losses, one of which, unfortunately was to Bluefield in the play-off for the State AAA Championship.

September 11 at Stadium Field

The P.H.S. gridders opened their 1959 season by eking out a win over Elkins with a 31-yard run in the final twelve seconds, making the score at the end of the game, 33-27.

The half-time ended finding the Big Reds behind 7-6. However, they came back during the second half, sparked by the running of Hayden and Holman, who accounted for three of Parkersburg's touchdowns. The hero of the evening was Larry Holman as he gave the Reds the winning touchdown in the waning seconds of the game.

September 18 at Stadium Field

The vastly improved Big Red machine ran over Wheeling by a 20-0 score.

The Wildcats came out after the intermission and appeared to be going for their first touchdown, but they fumbled the ball when Roger Stoops made a beautiful tackle, and End Cunningham recovered the ball for the Reds.

All scoring, made by Steve Jackson, Mike Dyer, and Mike Morrison, came during the first half.

September 25 at Stadium Field

In one of the hardest fought battles of the year, the Red and White gridders came from behind to win by a score of 33-14. It was a game filled with tough line play, hard tackling, and stiff blocking.

The Highlanders tallied their first score as Hayden fumbled a punt on his own seven. The Red eleven racked up their first touchdown when Hayden intercepted a pass on his own forty and started Parkersburg's drive to paydirt. The score at the half was 14-6 in favor of Huntington.

Parkersburg's "Never Say Die" men came back during the second half to score four touchdowns and extend the Big Red winning streak to thirteen games.

October 2 at Stadium Field

Parkersburg's Red and White eleven steamrolled over Triadelphia by a score of 60-0. This made the Big Reds' fourth consecutive win of the season.

Coach Parsons used fifty-five players, the largest number he has fielded in any one game since he has been at P.H.S.

Scoring for the Red gridders were Hayden, Dyer, Lowers, Holman, Jackson, Postlewait, and Parker.

October 9 at Clarksburg

Clarksburg's previously undefeated Washington Irving eleven proved to be a stiff test for the Big Reds. The Hilltoppers took a 12-7 lead at the end of the first half, but were unable to stop Parkersburg's "Cardiac Kids" in the second half. The Big Reds were on top 28-12 when the final whistle sounded.

Gaining touchdowns for the Big Red machine were Hayden, Holman, and Owens.

October 16 at Huntington

Parkersburg eased to its sixth win of the season and sixteenth straight win in two years as the Hunt-

BIG RED FOOTBALL

ington Pony Express again was left at the relay station, 68-0.

Coach Parsons used his entire traveling squad, with second and third stringers playing a great majority of the time.

The touchdown parade was led by Owens and Hayden, who tallied two touchdowns each for the Indian cause. Following closely behind were Dyer, Morrison, Kiger, Bayer, Balderson, and Richardson, all of whom scored once each.

October 23 at Charleston

The Parkersburg boys broke a seven-year jinx as they tamed the Charleston Mountain Lions by a score of 19-12. However, Coach Dick McElwee's eleven were within six yards of paydirt when the final horn blasted its merry tune.

The Red and White eleven got their first touchdown as Charleston kicked off, and was completely surprised as Larry Holman, Bob Owens, and Mike Hayden did a triple reverse. Steve Jackson intercepted a Mountain Lion pass which led to the Big Reds' second touchdown.

In the fourth quarter the teams played on even terms until Charleston recovered a Red fumble and turned it into their second, and last, touchdown.

October 30 at Charleston

Stonewall Jackson won a moral victory when they marred an otherwise perfect Big Red season by producing a 25-25 deadlock.

For the second time during the year, the Big Reds scored on the opening kickoff. With the next kickoff, the Red and White team experienced the longest quarter of the year as Stonewall scored 19 points.

Parkersburg managed to score in every period and was on the large end of the score when Margolis of Stonewall took it over from the one-yard line late in the fourth quarter and tied the score at 25-25, thus ending the scoring for the evening.

November 6 at Beckley

The Big Reds proved that they were true "mudders" when they won over Beckley in a sea of mud by the score of 21-0.

Held down by the mud, extreme cold, and a stiff Beckley defense in the first half, the Red and White boys were unable to score.

The winners drove to a third period score and added two more touchdowns in the fourth quarter to register their eighteenth victory, without defeat, in two seasons.

November 13 at Stadium Field

A standing-room-only crowd watched the Big Reds go down to their first defeat in two seasons by a score of 14-7.

The victory was a sweet revenge for the Red Riders of Weirton, who were knocked out of the play-offs last year by the Big Reds.

Weirton scored its touchdowns in the first half and the Big Reds took theirs when Steve Jackson fought his way over in the third quarter.

November 21 at Charleston

It was a battle of defenses rather than offenses for the State AAA Football Championship. The contest was played under ideal conditions, a bone-dry, fast field and sunny weather with temperatures right for both players and spectators.

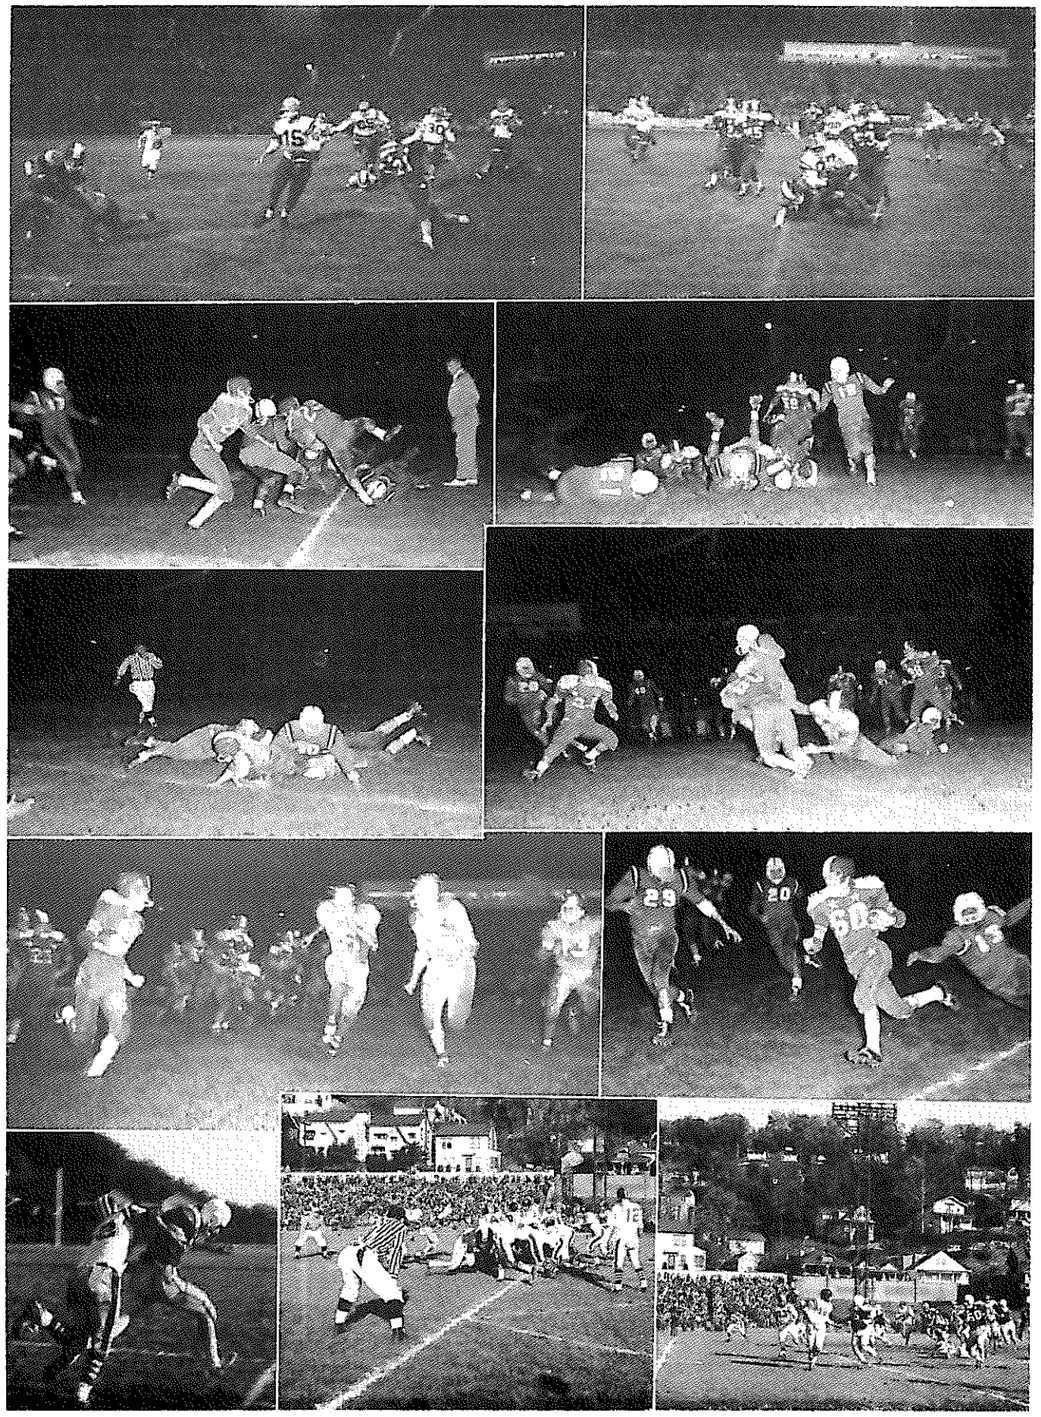

The Big Reds netted their first touchdown when Chuck Barry recovered a Bluefield fumble, and, after a few plays, Co-captain Steve Jackson carried the pigskin over for a score.

Bluefield then went on with fine defensive play and spectacular offensive work to score three straight touchdowns.

Parkersburg got a second, and last, touchdown when Mike Hayden went over from the one. The final score was 19-12 with the Big Reds on the short side of the tally.

The Little Reds, now called the Big Red Reserves, slammed into their 1959 season by suffering defeat to a powerful Plains eleven. Their record for the year was three wins and three losses.

Playing small high schools in the area taught the Little Reds more about the game of football than they could have learned from the coach's blackboard or from watching the Big Red games from the sidelines. This brings us to the all-important point. In Little Red Football it is not the number of wins and losses that count, but the experience gained, which will pay off when the boys become Big Reds.

We are proud of the Little Reds' record this year, and we hope that the future Big Red teams will profit through their experience.

December 18 Big Reds 75 Washington Irving 77

In the first game of the season the Big Reds were defeated by a strong Washington Irving team. They constantly played excellent ball but were unable to top the score of a more experienced Clarksburg team. Returnee Dick Smith led the scoring with 26 points, and Bob Owens and Larry Myers scored 18 and 12 points respectively.

December 29 Big Reds 70 Alumni 65

The Big Reds downed a talent-laden Alumni quintet who weren't in good enough condition to run with the Big Reds all evening. Led by Big Jim Miller and Chuck Eddy, the Alumni gave the varsity a rough time, but the Big Reds outhustled them in the second half and went on to the victory. Big guns for the Red and White were guard Mahood and forward Smith, who scored 26 and 24 respectively.

January 5 Big Reds 52 Magnolia 56

The scrappy bunch of ballplayers from New Martinsville outplayed the Big Reds for three quarters and then managed to hang on to the score in the fourth and final quarter. With only minutes to go in the last quarter, the home team began to use a "red dog" pressing defense which caused the Blue and Gold to make several mistakes, but even this was not enough as the anxious Redmen made numerous fouls, thus giving Magnolia a chance to broaden the score. For the Big Reds, it was Smith with 18 points and Maxwell with 12, who led the bucket brigade.

January 8 Big Reds 87 Princeton 51

The Big Reds, using a pressing zone, demoralized a Thorn-less Princeton, and went on to victory. It was the first official win for the P.H.S. quintet, as the Alumni had been the only other team to trail the Big Reds. The Red and White outscored the Tigers in every quarter and at one time held a 41 point advantage before the starters were taken out and the entire bench saw action. Smith took scoring honors with 10 field goals and four out of four fouls for 24 points. George Campbell was the only other Big Red to hit double digets with 14 points.

January 9 Big Reds 58 Montgomery 62

The "Cardiac Kids" of Parkersburg, trying hard to maintain the hot streak that started with the win over Princeton, had a last minute rally fall short. Parkersburg outscored the Greyhounds in two periods and were outpointed by only two points in the third period. The damage was done in the first quarter when Montgomery outscored the Big Reds 23-17. The final quarter saw the Big Reds come from a 12 point deficit to pull within four points of the visitors when the final buzzer sounded ending the hard fought battle. Captain Smith was the only Redman who hit double figures as he hit eight field goals and thirteeen fouls giving him 29 points.

January 15 Big Reds 66 Huntington East 65

Battling nip and tuck, the Big Reds won over Huntington East in the final seventeen seconds as Richardson sank a basket giving Parkersburg the victory. Roger Chenoweth, who picked up four early fouls, led the Big Reds in the first quarter as he gained 11 points to give the Dudley Avenue cagers a 21-12 first period bulge. Smith again led Big Red scoring with 21 points. He was closely followed by Chenoweth and Mahood, who scored 11 and 10 points, respectively.

January 16 Big Reds 64 Washington Irving 48

The improving Big Reds put a curtain around Washington Irving scoring star Bob Secret and came off with an upset victory over the Hilltoppers. Employing a "slow break" and pressing zone defense the Redmen pulled away, and at one time had a 24 point lead. Owens was the leader on offense, setting up the plays while scoring 12 points himself. Smith and Chenoweth led the attack with 14 each. Maxwell was the fourth double figure scorer with 11 points.

January 22 Big Reds 80 Weirton 67

The Sam Mandich coached lads broke on top early in the first quarter and were never headed. At one time the Big Reds had a seventeen point advantage, which was sliced to seven in the third period. The Big Reds opened up the ball game with a pressing defense which limited the Weirton team to seven points in the first quarter and only two field goals. Smith again was the big gun of the attack as he hit for 27 points. Chenoweth hit for 13 points, while Maxwell collected 12 to round out the double digit scorers.

BIG RED BASKETBALL

January 23 Big Reds 74 Moundsville 65

Mahood and Smith sparked the Big Reds to a 28 point fourth quarter rally as Parkersburg completed a tremendous northern trip with a victory over Moundsville. This win was the fourth straight for the Mandichmen. The Big Reds had to go all out to win over the Trojans. They blew an 11 point lead in the second quarter but managed to stay in front of the host team. Then in the final eight minutes they broke the game wide open. Balance was the difference as the Big Reds had four starters in double figures. Mahood, who fouled out with three minutes to play, led with 17 points. Maxwell tossed in 14, Owens 13, and Smith 10.

January 26 Big Reds 71 Point Pleasant 63

The Big Reds, led by Captain Smith, won over the Point Pleasant Big Blacks. Pacing the Big Reds was again Smith as he hit 11 from the floor and 9 free throws for a grand total of 31 points. Owens was the only other Indian who hit the double figures as he hit for 16 points. The Big Reds held a big lead until late in the contest when Coach Mandich inserted his reserves.

February 2 Big Reds 93 Spencer 64

The Red and White took control of the game at the outset and were never challenged by the Jackets as they went on to victory. After roaring to a 17-4 lead, the visitors had little trouble recording their seventh win of the season. All five starters of the Big Reds scored in the double figures. Leading the pack was Smith with 24 points. Owens and Chenoweth both scored 15 markers, while Mahood and Maxwell each got 10 points.

February 5 Big Reds 63 Huntington 62

Parkersburg's inspired Big Reds took dead aim on an unbeaten Pony Express five and sent the "We-Will" city ball club back with an overtime loss. A crowd of over 2,000 watched Captain Smith take complete command of the game as he hit for 10 field goals and canned 15 of 21 foul shots for a grand total of 35 points. He also grabbed 16 of the Big Reds 50 rebounds. Mahood, with 11 points, seven of which were in the first half, was the only other Redman to hit double digits.

February 6 Big Reds 63 Wheeling 57

Over 2,000 nearly exhausted Parkersburg fans filed into the Memorial Field House to watch for the second straight night a Big Red overtime victory. The triumph was a thriller over a scrappy Wheeling Wildcat quintet and was the Big Reds' eighth straight win. Again it was the sharpshooting of Smith which led the Big Reds to victory, netting 24 points. Mahood, Chenoweth, and Maxwell supplied the scoring punch in the overtime while the Big Red defense held the wildcat team scoreless in the extra period. Scoring in double figures for the Mandichmen was Smith with 24, Maxwell and Owens each with 10.

February 12 Big Reds 57 Charleston 60

Charleston's improving Mountain Lions halted the Big Reds win streak. After falling behind the Mountain Lions by 10 points at halftime intermission, the Big Reds made a determined second half drive, but were never able to get closer than two points to the upset-minded Lions. Smith paced the Reds' attack, hitting 13 times from the floor and converting 7 free throws for 33 points.

February 20 Big Reds 71 Linsley 54

Despite a poor shooting night, the Big Reds defeated Linsley Institute, 71-54 in a hard fought battle. The visitors stayed in contention throughout the first half, but the Reds pulled away during the second half and won going away. Chenoweth paced the locals with 14 points, Smith threw in 12, and Mahood made 11 to further aid the victory.

February 23 Big Reds 68 Magnolia 54

The Big Red cagers got revenge for an earlier season setback by defeating Magnolia on the Wetzel County boards. The win was the eleventh of the year for the Big Reds, but they had to do it the hard way, as the Blue Eagles, except for the second quarter, outhustled the Big Reds. For the Red and White, Smith was high with 20, while Mahood got 17 and Richardson 11 to round out the double figure scorers.

February 26 Big Reds 87 Spencer 57

For the second time this season, the Big Reds defeated the Spencer Yellowjackets. The Indians, who went into an early 10-0 lead, were never behind the Yellowjackets. Pacing the Indian attack was Richardson, who hit 17 points for the evening. Rounding out the double figure scorers for the Big Reds was Owens, who got 12 points.

February 27 Big Reds 56 Triadelphia 55

Triadelphia's Little Reds almost pulled a big upset before falling, in an overtime contest. Playing inspired ball, the Triads led almost the entire first half and were ahead 29-25 when the first half ended. After the Dudley Avenue quintet regained the lead in the fourth period, Bill Francis made a foul to tie the game and put it into overtime. Maxwell scored four points in the extra period, and the game ended as a Triad shot come off the rim, leaving the crowd limp with excitement. Smith again led the offensive scoring with 21 points.

February 29 Big Reds 78 Moundsville 72

Paced by Smith's 22 points, Mahood's 21, and Owens's 14, the Big Reds pulled away late in the final period to pin a defeat on the Moundsville Trojans in a game rescheduled from February 19. Control was an important factor and the Big Reds showed their facility for using each opportunity to the best advantage.

March 1 Big Reds 55 Point Pleasant 61

Point Pleasant's Big Blacks came up with one of the biggest upsets of the season when they took advantage of some defective Big Red play to post a victory, and delight the near capacity crowd in their gymnasium. Smith again led the Big Red scoring with 15 points.

March 5 Sectional Tournament
Big Reds 73 Washington Irving 68

The W-I Hilltoppers came within an ace of ending the Big Reds season in the Sectional Tournament as they held a 51-41 lead with 4:44 left in the third period, but from then on it was all Parkersburg. The lead was sliced to five points at the conclusion of the third stanza, and the Big Reds took the advantage by pouring in 10 straight points in the early minutes of the final period. W-I bounced back within two points in the final two minutes, but another Indian uprising put the game on ice for the Big Reds.

March 11 Regional Tournament
Big Reds 68 Victory 49

The underdog Big Reds clipped the wings of Victory in the first game of the Region One AAA tournament. Victory saw their dreams of a state championship go down the drain as the Big Reds stopped their high scoring attack. For the Big Reds, four of the five starters hit in the double figures. Smith led the attack with 19, Mahood got 11, while Maxwell and Owens each collected 10 points.

March 12 Regional Tournament
Big Reds 65 Wheeling 51

The Big Reds combining a great defense with the tremendous shooting of Smith, defeated a highly touted Wheeling in the Region One finals. When it came to one man standing out in the otherwise team victory, the credit had to go to Smith, who sparked the team in its victory. Smith was the whole show offensively as he tossed in 33 points. Three Red and White men made the all-tournament team—Smith, Maxwell, and Owens.

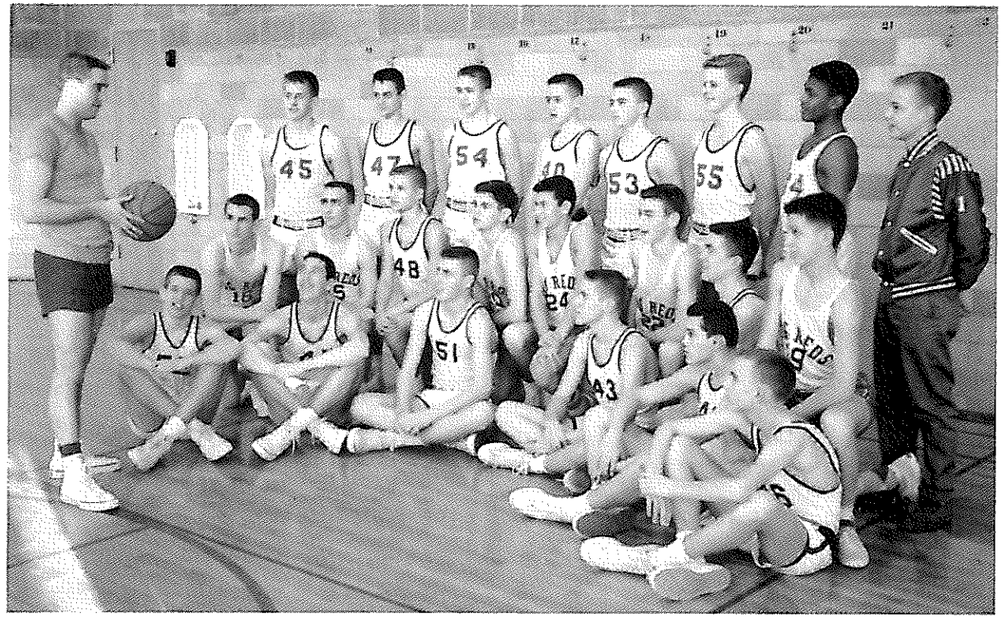

March 18 State Tournament
Big Reds 80 Elkins 54

The Cinderella hopes of Elkins turned into a pumpkin as the Big Reds stomped the Tigers 80-54. A pressing man-to-man defense and a hot hand at the foul line gave the Mandichmen a 46-29 lead at the intermission. The closest the Tigers came in the second half was 15 points. Smith and Mahood paced Parkersburg with 20 and 18 points respectively. Also in double figures for the Big Reds were Maxwell and Owens with 13 each.

March 19 State Tournament
Big Reds 56 Montgomery 38

Montgomery's dashing, crowd-pleasing offense was turned into mockery by a Big Red team that utilized rebounding and defense to thump the previously unbeaten Greyhounds for the AAA basketball championship. A capacity crowd watched the Redmen jump to an early lead and keep it through the entire game. Smith gave his greatest all-round performance of his career as he led all scorers with 25 points. He was also credited with 16 rebounds and three assists. Owens, also an all-tournament selection with Smith and Maxwell, finished with 11 points. Next to Smith, Chenoweth was the rebounding star as he hauled down 12 from the boards.

This junior varsity team, composed of sophomores, played a very ambitious schedule of fifteen games against the reserve squads of the Big Red opponents, and varsities of nearby small high schools. The team, coached by Mr. Foster, serves as a training program for future Big Reds, with outstanding players sometimes being called up to the Big Reds.

The Little Reds gave a good account of themselves on all occasions, compiling a favorable record of seven wins and eight losses and learning much to help them in future play with the Big Reds.

During the football season, many workers were in demand in the concession stands to sell popcorn, potato chips, candy bars, chewing gum, and Cokes. Those who worked in the stands and concession ticket booths were seniors, who were helping the class accumulate the funds necessary to pay for parties and for their gift to the school.

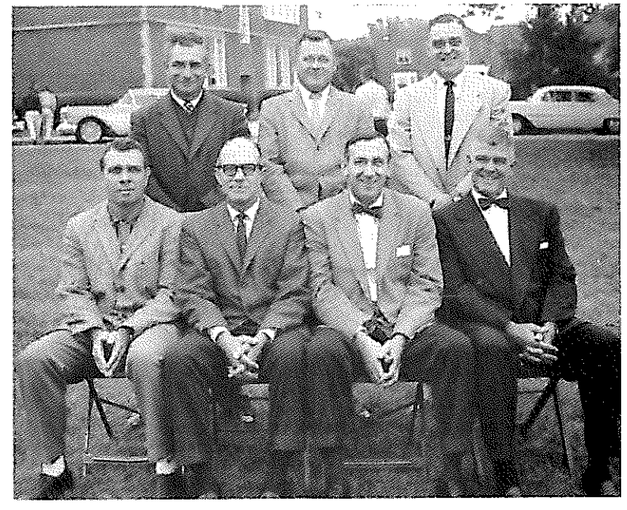

In return for their services those who worked received a reduction in their senior fees.

When basketball season came, the students worked in the booths in the field house. Mr. and Mrs. Bailey, who were in charge of this activity, were constantly on the job seeing that all stands were operating smoothly.

December 12 In their first match of the season, Coach Dutton's Big Red Wrestlers met a strong Barboursville and were defeated 21-15. All of Parkersburg's points came as a result of pins by Weaver, Balderson, and Stoops. Barboursville scored seven decisions to gain its victory.

December 19 For their first match at home the Big Reds met perhaps the strongest rivals of the year and were defeated by a Bridgeport team 31-11. Although the Red men were outclassed by the Ohio team, they still made a good showing. Charlie Weaver continued his pin streak. The other points for P.H.S. were gained by Stoops and Armstrong as they both won decisions.

January 9 The Big Reds won their first meet of the year by downing a strong Fairmont team 28-15. The defending state champs managed to win only six of the ten matches. The difference in the score resulted from five of the six wins being by pins. Big Red pins were credited to Weaver, Furner, Stoops, McCoy, and Anderson. Bob Hackett won his match by a 4-0 decision.

January 16 Continuing their winning streak, the Big Reds romped over Barboursville 23-16. Weaver and Stoops, the only two undefeated grapplers on the squad, had their pin streaks stopped, but won by decisions. Gaining pins were Balderson, Curfman, and Holman. Fred Anderson wrestled to a scoreless draw with a heavier opponent.

January 22 The Big Reds found stiff competition in the Weirton grapplers, but won 19-18 when Fred Anderson, outweighed thirty pounds, defeated Weirton's Cottilli 1-0 in the final match, giving the Big Reds their third straight victory. Weaver was the only one to win by a pin, but Curfman, Stoops, Holman, and Anderson all gained decisions. Novice Dick McCoy drew with Burns of Weirton 2-2.

January 27 Pins by Balderson, Curfman, and Holman paced the Big Red Wrestling team to its fourth straight victory and a win over Harrisville by 26-11. Defending State Champion Roger Stoops remained undefeated with a 6-0 decision. Others gaining decisions were McCoy and Anderson. Maxwell drew with Wince 2-2.

January 20 The Big Reds coasted to a doubleheader victory by scoring a solid 44-0 triumph over Barnesville after the reserves had defeated Williamstown 28-5. The reserves chalked up two pins while the regulars gained six in their victory. Gaining pins for the reserves were John Dickel and Steve Jackson. Guinn, Armstrong, Thomas, Furner, Wines, and Watkins recorded victories over their opponents. In the varsity match the Big Reds won every contest. Balderson, Curfman, Stoops, Watson, McCoy, and Anderson stopped their men by pins, while Holman, Handlan, and Hackett won by decisions. Weaver won his match by a forfeit.

February 6 Weaver, Curfman, and Stoops protected their undefeated records, but the Big Reds were handed their second defeat by Bridgeport by a score of 21-13. Penalty points and a stronger Ohio team proved too costly for the Red men, but they showed experience that they hadn't shown in their first meet with Bridgeport. Curfman and Weaver won by pins while Stoops recorded a 4-0 decision.

February 10 The Big Reds posting victories in every class except 148 registered a 34-8 win over Fairmont West. Weaver started it off by pinning Jim Ross in 1:28 of the first period. Handlan, Curfman, McCoy, and Anderson also registered pins, while Guinn, Stoops, and Watson won by decisions.

February 20 The Red wrestlers swept the regional meet at Parkersburg by winning five of the ten final matches, thereby qualifying five men for the State Tournament. The four teams were Parkersburg, Weirton, Harrisville, and Williamstown. Undefeated Roger Stoops and Fred Anderson gained their berths in the state by winning with pins. Larry Holman, John Dickel, and Ron Curfman qualified by posting decisions.

February 21 Defending State Champion Parkersburg had to be content with third place as Roger Stoops was the only member to win. Stoops was the only champion to retain his crown as he completed a perfect season in his 136-pound weight. Fairmont West captured the 1960 crown as they won two matches in the championship bracket and one in the consolation.

Row one: Jerry Goldenberg, Steve Haid, David Smith, Bob McHenry, Dan Wharton.
Row two: Larry Sullivan, Rod Seveke, George Ulch, Camden Parish, Mike Lay, Coach Dutton.
Absent: Richard Lamp, Bud Gilbert.

The 1959 edition of Big Red Golf, depending largely upon returning lettermen, turned in an impressive record of two first places, four third places, and second place in the fifth annual State Golf Tournament.

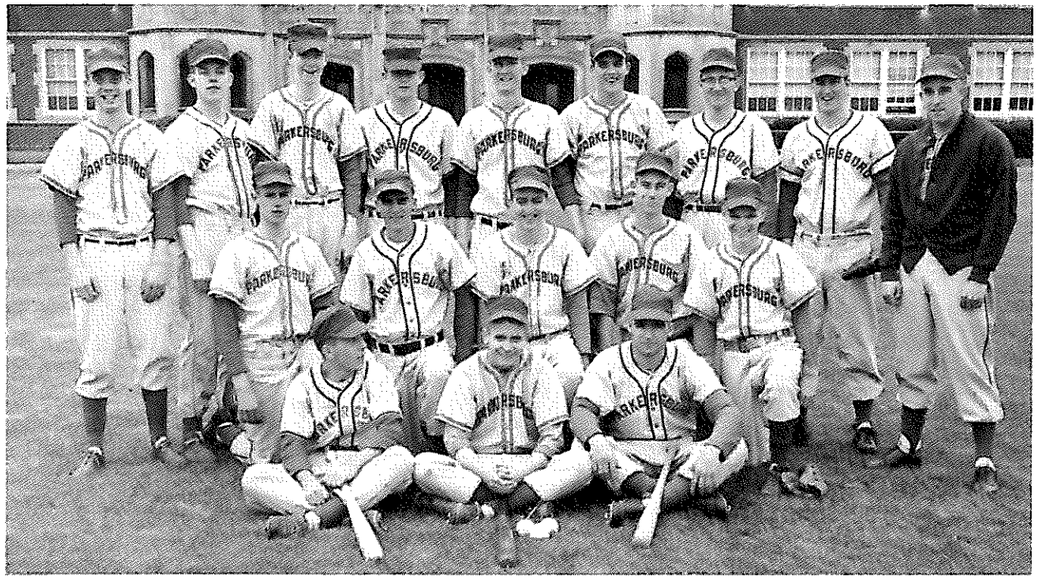

In the regular season matches, Sistersville, the defending champions, dominated all matches in which they participated.

In the State Tournament, Sistersville again dominated play, but the Big Reds surprised all as they became runners-up for the trophy.

The 1960 team will have to depend largely on newcomers because four of the five lettermen have graduated. Those receiving letters at the end of the 1959 season were Steve Haid, Richard Lamp, Bob McHenry, David Smith, and Dan Wharton.

After dropping the first game of the season to a hustling Marietta nine, the Big Reds came to life and set back twelve of their next sixteen opponents.

The Big Reds, coached by first year mentor, Bob Foster, looked impressive as they made a clean sweep in both the Sectional and Regional Tournaments. Then, in the Area Play-off, a strong Weirton team, led by the pitching of Mike Tomasovich, blanked the Redmen by a score of 11-0.

Although the loss of seven lettermen will leave the 1960 squad in search of new material, Coach Foster hopes to improve his 1959 record of thirteen wins and five losses.

Beginning with their first meet, the Stonewall Jackson Invitational, in which they took fifth place, the Big Reds showed their lack of experience and depth.

As the season progressed, they placed fourth in the Big Five, in which Charleston took top honors. Then, in a series of dual meets with Marietta, the Redmen split honors by winning once and losing once.

In the Regionals the Big Reds surprised everyone by doing their best job of the year when they gained second place. On May 16, at the State Meet held in Charleston, Dunbar took the title for the third consecutive year. The Big Reds placed seventh. Gaining points for P.H.S. were Art Daniels, Larry Tracewell, and Bob Owens.

INTRAMURAL COUNCIL

Twenty-four years ago, Coach Edgar Rhodes introduced the intramural program into Parkersburg High School. Since then the program has developed into one of the finest in the country. Interest in intramural sports now rivals that in the varsity athletic program. Practically all sports from football and bowling to handball and badminton are open game for boys in every senior home room. There is room for everybody, and almost everybody participates.

In the fall, the intramural fields are crowded with a maze of football games. Bleacher sections are often filled in the winter and early spring with volley ball and basketball fans. Several Saturdays during the year intramural teams utilize bowling alleys of the city for intramural bowling.

Every Thursday, the Intramural Council, made up of representatives from participating home rooms, with Coach Rhodes planned the week's schedules, interpreted rules, and promoted good sportsmanship, the main purpose of the program.

The detailed business of the system is carried out by five managers: Mike Morrison, senior; Sonny Sands and Charles Hannah, juniors; and Tom Hawk and John Brownfield, sophomores.

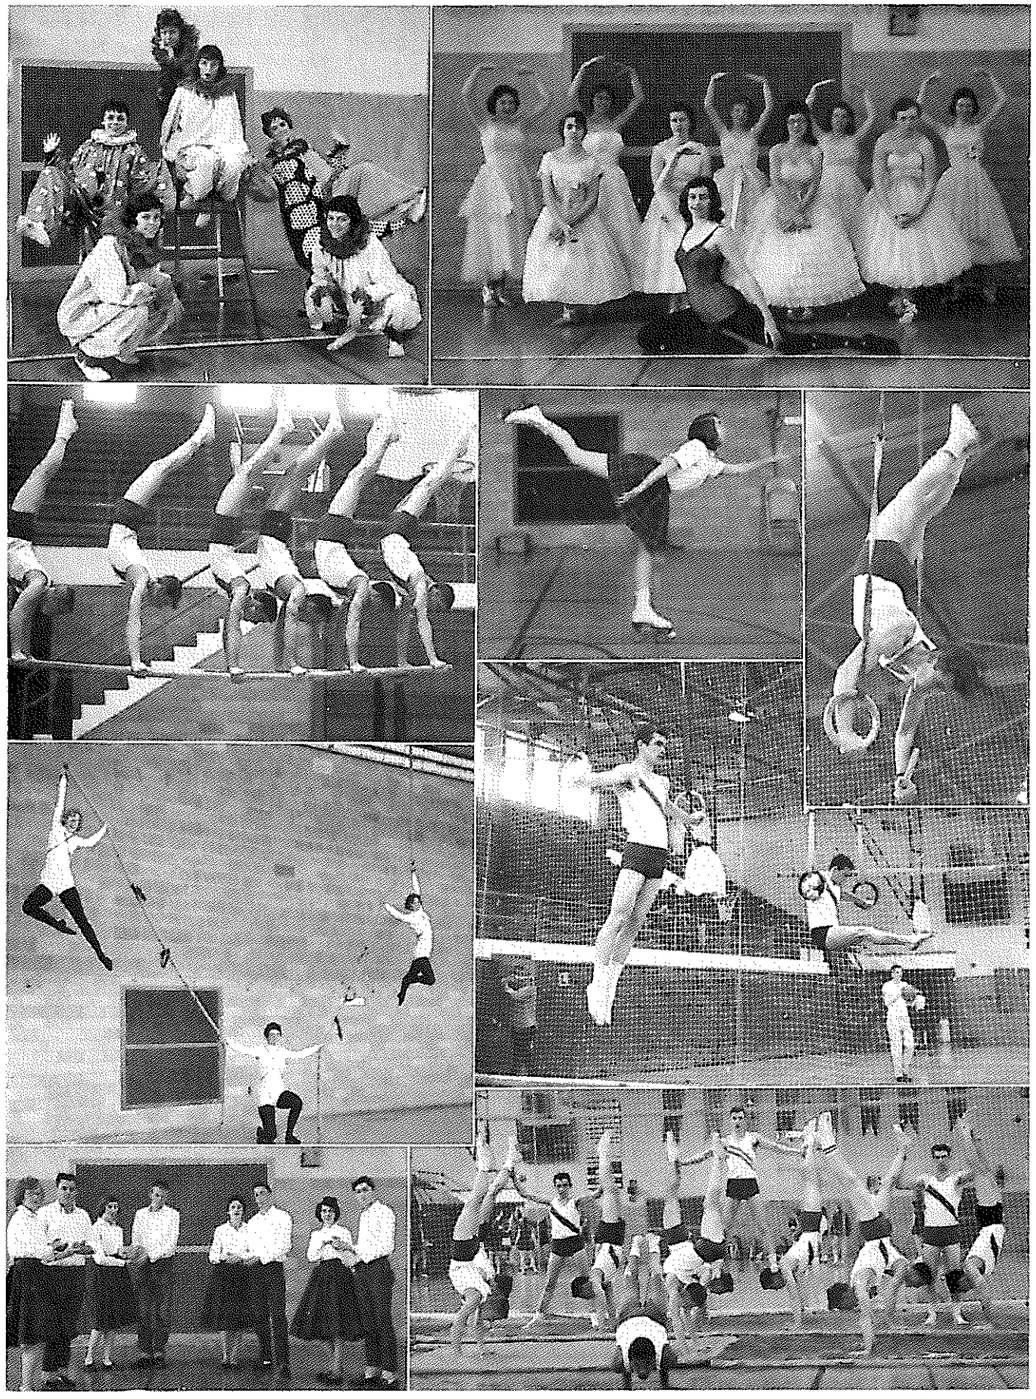

The intramural program is highly competitive for home room championships, both group and individual. To the home room chalking up the highest total of points for the year goes the "old oaken bucket" with the number of the room and the name of the manager engraved on a plate. As this book goes to press, home room 301 is leading in the total number of points, and Gary Withee, senior, of 217 is leading in the individual scoring.

At the Annual Sports Carnival, held April 7, 8, winners in winter-time sports and virtually all individual sports were decided by playoffs.

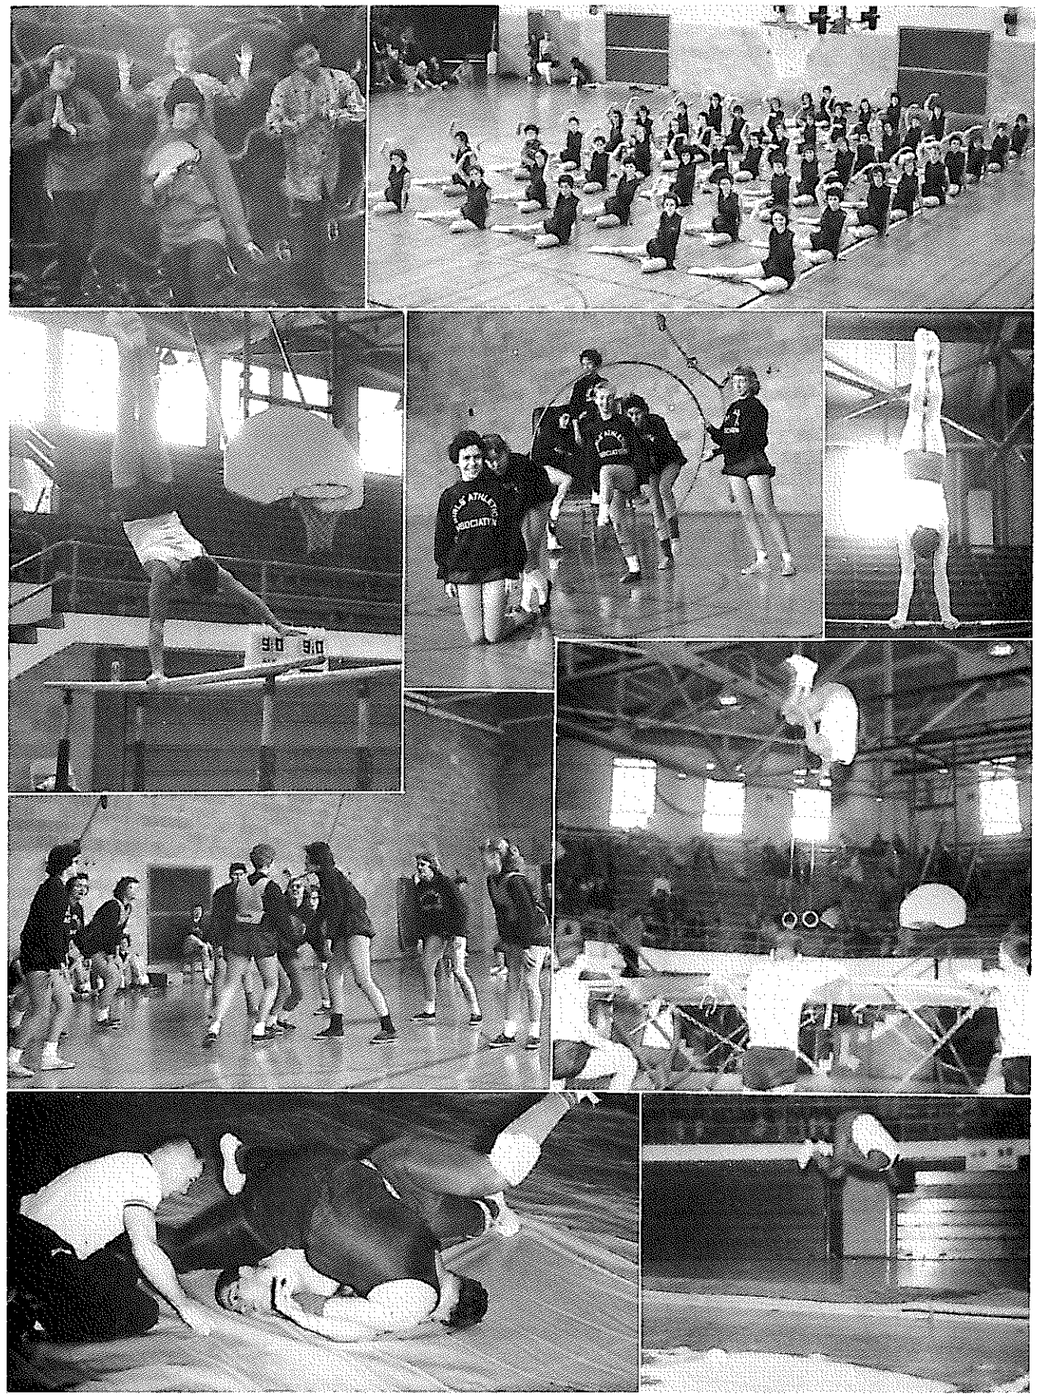

At Parkersburg High School everybody can be an athlete.

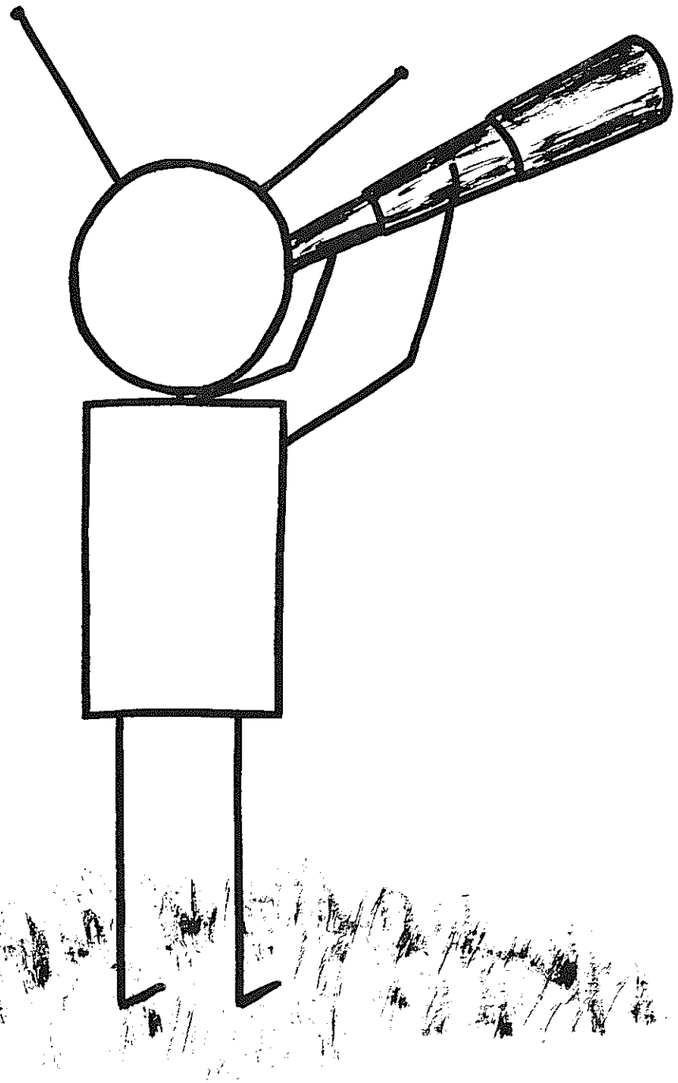

SCENES FROM . . .

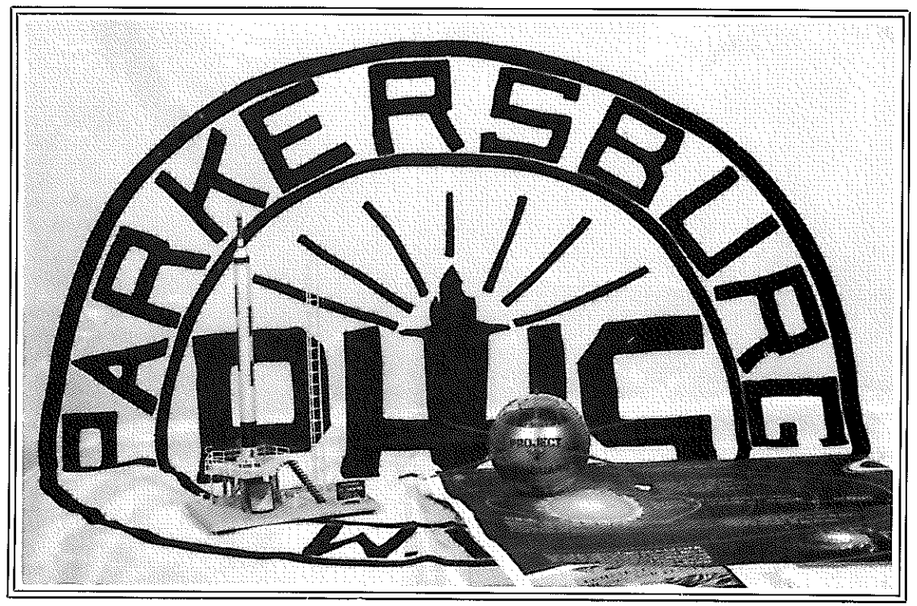

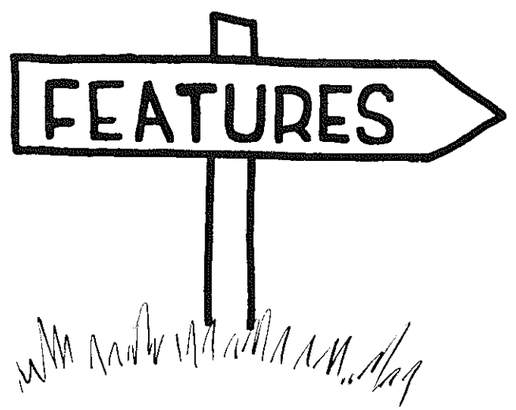

THE SPORTS CARNIVAL

Sixty penned the following observations, and then shot skyward, relaying from outer space, "Come along with me. I'm on my way to the stars."

COLOR DAY 1960

Color Day 1960 dawned clear and crisp; but because snow covered the ground, and because the weather man wouldn't co-operate, the class picture couldn't be taken until a month later.

Wearing the senior colors, powder blue and black, several of the members of the class arrived on campus riding on an open wagon drawn by a horse. While riding around the horseshoe, the enthusiastic students led those on the sidewalk in cheers. Then, seconds before the first bell sounded, an ambulance sped up to the senior doors with its siren blasting. Two boys jumped out and pulled the bed from inside. Upon it lay what seemed to be a figure swathed in a blue blanket; but upon closer inspection, the crowd found that there was a sign lettered plainly—JUNIOR.

After the laughter had subsided, the seniors gathered around the north flagpole while their flag, bearing the school seal, was raised. All remained serious while David Brown directed them in singing the class song. Then they trouped to home rooms to receive the traditional ribbons to wear throughout the day, after which they reluctantly submitted to regular class work.

Gaiety again reigned, however, during the fourth period when the Color Day show was presented. As usual, scenes depicting school life were presented which included Mr. and Mrs. Johnston's appearance at their own class party, a trip on a special train, and a program committee meeting during which the talent was displayed. The cheerleaders came out with a jack-in-the-box dance, the Corvairs warbled to the tune "Running Bear," a dectet clad in jeans, white shirts, and sailor caps sang a novelty number, Carolyn Oakes sang a popular song, and several of the boys entertained with their version of the can-can.

The night fell, and the gym became a powder blue, silver, and black paradise, featuring silhouettes of senior teachers. Wayne Bartlett and his Imperials presented dance music ranging from such "way out" music as "Have You Ever Had the Blues?" to slow cool numbers like "Blue Moon." Before the evening was over, all the members had rocketed into orbit and were reluctant to leave.

Color Day 1960 was over, and seniors knew they could never participate in such an event again. Indeed, according to students and sponsor, 1960 was "the nicest Color Day party ever."

SENIOR PLAY *Gidget*

Row one: Iris McConnell, Dave Slater, Sandy Wheeler, Judy Diedrich, Jerry Enoch, Caroline Moore, Barbara Wright, Janet Sutton, Beverly Vandale, Mrs. Merrill.
Row two: Janet Eaton, Vera Lewis, Joyce Riffle, Carole Calloway, Carolyn Hider, Nancy Gilchrist, Lola Dines, Marda Wilson, Marg Hoffmann.
Row three: Harold Graham, Larry McDaniels, Sam Hamilton, Dick Spindle, Bill Branson, Merle Lemon.
Absent: Jim Alfred.

The Senior Class this year decided to present, as their final program at P.H.S., *Gidget*, a three act play by Frederick Kohner. The play, which has been shown on the screen, featured a double cast of girls, who appeared on alternate nights, and but a single cast of boys.

The play opens as Gidget—Judy Diedrich and Sandy Wheeler—is recording memories of the past summer in her diary. Last summer she had cherished a desire to go surfing and, after renting a surfboard from a fellow on the beach named "Stinky,"—Sam Hamilton—she tried her skill, but in vain. Indeed, on her initial attempt she upset and was rescued from the water by "Moondoggie"—Jim Alfred—who was a vacationing medical student.

Much impressed with her hero and desirous of returning the impression, Gidget decided to follow the advice of her friends Larue—Marda Wilson and Lola Dines—Mai-Mai—Caroline Moore and Barbara Wright —and Barbara—Carole Calloway and Joyce Riffle—in that she gave "Moondoggie" the false idea that she was a woman experienced in love. "Moondoggie," though unconvinced, took her to the beach when he thought it would be deserted, and made very innocent advances. However, at that time, the Great Kahouna —Jerry Enoch—regarded as the fatherly type, appeared, and Gidget became angry with "Moondoggie" for his deceit.

As the weeks passed, plans for a fabulous luau, a beach party, were formulated among the surfers, and Gidget got the feeling she wasn't wanted. However, on the night of the party, she sneaked up to the beach and watched the festivities. Because of a fire farther up on the shore, the others left to give the fighters aid, and Gidget was left alone and stranded. So she spent the night in the beach hut, sleeping in Kahouna's bed while he slept in a near-by chair.

The next morning "Moondoggie" appeared and was furious with Kahouna before he learned the circumstances.

As the curtain falls, Gidget is seen writing in her diary and murmuring that she will probably never see "Moondoggie" again. At that moment, "Moondoggie" appears and after a short talk, they exit hand in hand. Maybe the friendship will develop; maybe they will be married; but now they are merely two happy teenagers.
